LETTER OF TRANSMITTAL

Senator the Hon Rod Kemp
Minister for the Arts and Sport
Parliament House
CANBERRA ACT 2600

I am pleased to submit the eighteenth Annual Report for the Australian Sports Commission, covering the period 2001–02. The report has been prepared to conform with the requirements of the Commonwealth Authorities and Companies Act 1997 (CAC Act) as required under Section 48 of the Australian Sports Commission Act 1989.

The Commissioners of the Board are responsible, under Section 9 of the CAC Act, for the preparation and content of the Report of Operations in accordance with the Finance Minister’s Orders. The Board resolved to adopt the Report of Operations at its meeting on 22 August 2002 as a true and concise portrayal of the year’s activities.

This report provides an assessment of our performance against the accountability framework agreed with Government, and highlights the success of the programs of the Australian Sports Commission, including the Australian Institute of Sport, and the Sport Development Group.

I commend this report to you as a record of our achievements.

Yours sincerely

Peter T Bartels
Chairman
Australian Sports Commission
30 September 2002

MISSION STATEMENT

To enrich the lives of all Australians through sport

OBJECTIVES

The Australian Sports Commission’s (ASC’s) new Strategic Plan 2002–2005 sets the direction, strategies and broad framework that will allow the ASC to meet its statutory objectives and to achieve the outcomes the Government requires. Building on previous plans, the ASC’s key objectives are to secure an effective national sports system that offers improved participation in quality sports activities by Australians, and to secure excellence in sports performance by Australians.

Supporting the ASC’s objectives are several critical result areas. These are:

• greater grass-roots sports participation, particularly by youth, Indigenous Australians and people with disabilities
• increased sports participation, particularly in rural and regional communities
• increased membership and reach of local sporting clubs
• best practice management and governance of sport within and through national sporting organisations
• increased adoption of values of fair play, self-improvement and achievement
• recruitment, retention and, where appropriate, accreditation of people within the sports sector
• improved economic efficiency within, and commercial return to, the ASC and national sporting organisations
• sustained achievements in high-performance sport by Australian teams and individuals
• recognition of the Australian Institute of Sport (AIS) as a world centre of excellence for the training and development of elite athletes and coaches
• a drug-free environment.
CHAIRMAN’S REVIEW

The past 12 months have been a period of consolidation for Australian sport, as we face the many challenges confronting sport in the millennium. It has been the first full year in which the Australian Sports Commission (ASC) has bedded down many of the initiatives arising from the Government's sports policy, Backing Australia's Sporting Ability: A More Active Australia.

Providing particular focus to our work has been the conscious need to enhance support for the participation end of the sports spectrum. There are worrying statistics and trends in participation data, showing declines in the number of participants in organised sporting activities. Of similar concern is the declining trend in volunteerism that, while not limited to the sport sector, is being felt strongly at the community sport level. Local sporting clubs and associations are having difficulty in attracting volunteer administrators, coaches and officials. There are no easy solutions to these trends and so, together with our partners in the sport industry, we must be proactive and lateral in our thinking and program development to address these issues.

The Targeted Sports Participation Growth Program is a major initiative aimed at getting more people involved in active sports participation. The particularly pleasing aspect of this Program is that it links the corporate sector with the targeted sports and the ASC in a three-way relationship that will assist in sustaining the participation growth programs. This initiative is still in its early stages, but as it rolls out through the 23 targeted sports around the country, we look forward to the provision of improved sports participation opportunities in communities around the nation.

For me, one of the most exciting initiatives launched during the last year has been the Street Active program through which, for the first time, the ASC will encourage the development of membership pathways for street sports. Skateboarding, inline skating and freestyle BMX have become increasingly popular, rivalling traditional games among our young people. Clinics are being held by Australia’s first ever accredited street sports coaches and our best street athletes, showcasing street sports in a fun, organised and safe environment.

These initiatives highlight the importance of the ASC working with national sporting organisations, the states and territories, and other stakeholders to ensure a strong national sports system and the delivery of effective sports programs. Key elements of this system are school sport and community sporting clubs, which both play leading roles in junior sport in this country. The ASC is working closely with sports to build their capacity to sustain the sports system at all levels, and support from state and territory governments is vital to achieve this, especially in the school sport sector. As work continues on the development of a new national junior sport framework, this cooperation will be central to an effective delivery system.

Winter sports received strong public interest during the year, culminating in the wonderful performances by Australian athletes at the 2002 Winter Olympics and Paralympics in Salt Lake City. Congratulations to Steven Bradbury and Alisa Camplin, who won our first ever gold medals at the Winter Olympics, and to Michael Milton and Bart Bunting who won four and two gold medals, respectively, at the Winter Paralympics. Both Games were the most successful ever for an Australian team. The benefits and impacts of the Olympic Winter Institute, supported by the ASC along with the winter sports, are now starting to come to the fore.

Together with the unprecedented levels of support for sport previously demonstrated by the Federal Government, in May 2002 the Government

2 AUSTRALIAN SPORTS COMMISSION ANNUAL REPORT 2001-2002
announced a capital injection of $41 million to maintain the Australian Institute of Sport (AIS) as a world-class centre of excellence. The project, costing in total $65.4 million, will re-instate the AIS’s place at the forefront of world sport, and represents a perfect twenty-first birthday present for the Institute. I congratulate the Government on its foresight and ongoing commitment to this organisation in making this funding available.

Keeping our current status in world sport is not easy, and it will remain as a major challenge for our national sport system in the future. Other nations have imitated some of our programs and structures in an endeavour to copy the secrets of our success. To maintain our level of achievement, we will have to continue to refine and evolve our system, and develop and deliver innovative methods and programs.

The international reputation of the ASC remains at a high level, with our programs and systems receiving widespread recognition for their quality and effectiveness. On behalf of the Government, the development assistance programs we manage internationally have continued this year, primarily in the South Pacific and Commonwealth countries in southern Africa and the Caribbean. Also worthy of special mention is work being undertaken in East Timor. In these countries our sport development assistance programs are used as a vehicle for wider community and social development.

During the year, I was pleased to accept the position of Chair of the Commonwealth Committee for Cooperation through Sport until 2003. The Committee, which met twice during the past year, operates with a mandate from the Commonwealth Heads of Government forum and aims to promote coordination, cooperation and strategic planning in the development of sport within the Commonwealth.

The Federal Government continued its strong commitment to Australian sport and support for the ASC throughout the past year. I would particularly like to thank the Hon Jackie Kelly, MP, for her contribution to sport during her time as Minister. In addition, I am most grateful for the support and leadership provided by Senator the Hon Rod Kemp since his appointment as Minister, especially his interest in sport-related issues at all levels.

The Board of Commissioners of the ASC has shown great commitment to their role during the year, when calls on their time have been at a high level. Their applications to the many tasks assigned individually and collectively have contributed to the successful governance of the ASC.

To our nation’s athletes, coaches, officials and administrators at all levels of sport, I congratulate you on your participation, dedication and achievements during the past year. In particular, to those that have represented their country and those that have represented the AIS, well done. You have done yourselves and your nation proud.

Finally, to the staff of the ASC, your professionalism and commitment has been greatly appreciated.

Peter T Bartels
Chairman
Australian Sports Commission
CHIEF EXECUTIVE OFFICER’S REPORT

Twelve months ago, in the Australian Sports Commission’s (ASC’s) last annual report, the Chairman suggested that there were many challenges facing Australian sport. At the time, one could not have imagined how prophetic that statement would turn out to be, particularly in the short term. The collapse of Ansett Australia, the demise of HIH Insurance and the subsequent insurance-related problems, and events overseas have had significant impacts on Australian sport.

In reporting on my first full 12 months at the ASC, I am pleased to record the strong commitment and efforts of staff to work closely with the national sporting organisations and other stakeholders to address these and other issues confronting Australian sport. When implementing the revised strategies and initiatives deriving from the Government’s sports policy, Backing Australia’s Sporting Ability: A More Active Australia, we have had to be mindful of the impact of these external factors on the day-to-day operations of our sporting clubs and associations.

During this year, the ASC developed its new Strategic Plan 2002–2005, reflecting the Government policy, and in turn re-focused its annual operational plan to achieve the Government’s revised policy objectives. As a result, I believe the ASC has now established a strong consistency and complementarity within its planning and accountability framework.

The year under review has been a year of achievement in Australian sport, both on the competition field and behind the scenes in its administration. At both the 2002 Winter Olympic and Paralympic Games, the Australian teams achieved their most successful results ever.

The international results of our elite athletes over the last 12 months have continued our strong performance record of recent years. These results are a further vindication of Australia’s national sports system, the skills of coaches, and the quality and expertise of the support services available to our elite athletes.

The success of our elite athletes, however, is dependent on a healthy grass-roots sports delivery system, which results in strong levels of community participation. As the Chairman has noted, there are declining numbers of Australians participating in organised sporting activities, and the ASC has recognised the need to be creative in developing program initiatives to address the factors behind this trend.

The Targeted Sports Participation Growth Program is one such initiative aimed at getting more people involved in active sports participation. The Program links national sporting organisations with the corporate sector and the ASC through programs to assist sustained participation growth. During the year, 10 sports had programs approved by the ASC Board, and negotiations are continuing with a further 13 sports.

One issue that received considerable attention in the last 12 months was the participation of pregnant women in sport. The ASC convened a ‘Pregnancy in Sport’ forum in Sydney in August 2001, and subsequently produced guidelines for Australian sport following consultation with experts in the fields of medicine, law, insurance, ethics and sport. A key message contained in the report was that the benefits of staying active and continuing sport at some level throughout pregnancy can outweigh the potential risks. Medical consultation is recommended in all cases.

Difficulties associated with securing insurance for sporting organisations and
activities at a reasonable cost have attracted much attention and media coverage during the year. The importance of these issues to the conduct of sport, especially at the community level, has been recognised. The ASC has ensured that the views of sport have been presented to Federal Government and joint Federal and state government meetings. As well, within the Sport and Recreation Ministers’ Council and the Standing Committee on Recreation and Sport, the Commonwealth has taken a leading role in reviewing insurance-related issues facing sport and in developing actions to address the problems. While the full impact of this work will take some time to be felt within the sporting community, I believe progress has been made over the past year.

The 12 months covered by this report have seen administrative responsibility for the Australian Sports Foundation (ASF) return to the ASC, in accordance with the policy directions of the Government. The promotion of the services of the ASF has been upgraded, particularly within rural and regional areas where the tax concessions available can play a strong role in supporting efforts to re-invigorate community sport. The year saw the ASF generate significantly increased revenue for sport as well as delivering improved operational performance.

The ASC’s international recognition and reputation continue to grow, with many of our programs considered to be world leaders. The sport development programs administered by the ASC are accepted by the recipient countries as effective social development vehicles, with community impact extending well beyond sport. As well as managing the overseas development assistance aspect of the ASC’s international initiatives, our International program hosted 36 visiting delegations from foreign governments and sports agencies. As well, it has pursued opportunities for consultancy and other work overseas.

As the Chairman has reported, during the year he accepted the position as Chair of the Commonwealth Committee for Cooperation through Sport, and the ASC now provides secretariat support to him in this role and to the operation of the Committee in general. Australia has for some time been one of the leaders in international sporting cooperation, and it is fitting that this role has come to the Commission.

The strong support of the Chairman and other Board members that I, and the staff in general, have received is appreciated. The conduct of Board business, and that of its subcommittees and working groups, has required a significant time commitment during the past year, and I thank the Board members for their efforts and dedication.

Similarly, I am grateful for the ongoing leadership and backing of both Senator the Hon Rod Kemp and the Hon Jackie Kelly, MP, through their respective times as Minister during the year. The ministers and their staff have been most supportive of the ASC, both within the government and publicly, over the last 12 months.

Finally, I would like to thank the staff of the ASC for their enthusiasm and commitment. The performance and reputation of this organisation is a direct result of your collective efforts, and I feel the enhanced standing of the Commission is a direct reflection of your high levels of expertise and dedication.

Mark A Peters
Chief Executive Officer
Australian Sports Commission
INTRODUCTION

The Australian Sports Commission (ASC) is the Commonwealth Government body responsible for the delivery of funding and development of Australian sport through the implementation of the Government’s sports policy. The role of the ASC is to provide national leadership in all facets of sport development through national sporting organisations (national governing bodies for sport and their affiliated associations, clubs and individuals) from the elite level to the government and private sectors, schools and the wider sport community. The ASC delivers its responsibilities through two major arms: the Australian Institute of Sport (AIS) and the Sport Development Group.

As a result of a change in Government portfolios announced following the November 2001 Federal elections, responsibility for the ASC moved to the Department of Communications, Information Technology and the Arts. Until that time, it had formed part of the Industry, Science and Resources portfolio and was responsible to the Hon Jackie Kelly, MP, Minister for Sport and Tourism. Since 23 November 2001, the ASC has been responsible to and reports to the Federal Minister for the Arts and Sport, Senator the Hon Rod Kemp. The senior portfolio minister is Senator the Hon Richard Alston, Minister for Communications, Information Technology and the Arts.

Every four years, the ASC prepares and widely disseminates its strategic plan. A new plan, covering the period 2002–05, has been developed and approved. The new plan reflects the policy directions established by the Government’s sports policy, *Backing Australia’s Sporting Ability: A More Active Australia*. The strategic plan is the main planning document that sets out the direction and strategies for the organisation for the coming four years.

An aerial view of the Australian Sports Commission Administration Building, with the pole vaulter statue in the foreground
The Australian Institute of Sport (AIS) continued its leadership role as a world centre of excellence for the training and development of elite athletes and coaches. Significant changes to the Australian high-performance system required the AIS to refocus its operations and activities to ensure that future levels of success could be comparable to those of the past. A comprehensive review and analysis of the AIS was subsequently undertaken.

The review offered three key findings:
• enhanced planning and evaluation process for all operational areas and programs of the AIS
• better integration and delivery of services to AIS programs
• emphasis on the AIS keeping at the forefront of the development of successful high-performance athletes and coaches.

The review recommended:
• a restructure of the AIS
• a focus on continuing the AIS’s role in providing leadership to Australia’s high-performance sport
• implementation of the Performance Enhancement Program
• the introduction of a defined system of allocating service provision to AIS programs.

The recommendations of the review were implemented in January 2002. The revised AIS structure replaced the former Scholarship Programs and Sports Science/Sports Medicine divisions of the AIS with:
• a Sport Programs, Planning and Evaluation group to drive the Performance Enhancement Program across the AIS
• an Athlete and Coach Services group that encompasses all AIS service providers and includes the new areas of Performance Analysis and Skill Acquisition
• a Technical Direction group to provide a focus on continuing the AIS’s role in providing technical and national program leadership to Australian sport
• a Business Development function to champion the AIS’s contribution to increasing the ASC’s off-budget revenue.

The key to the new structure was to make the Performance Enhancement Program the driving force of the AIS and, therefore, pivotal to the overall operation of the AIS. This places athletes and coaches at the centre of the planning process and ensures that the AIS programs are coach-driven and athlete-centred. Director Michael Scott headed the AIS over the reporting period.
SPORT DEVELOPMENT GROUP

The role of the Sport Development Group continued to foster, support and encourage further development of sport to ensure its future as a self-sustaining, vigorous and resilient national system, from grass-roots community sport through to high-performance sport in the achievement of excellence on the world stage.

The Sport Development Group provided advice and support to organisations throughout the system on issues and challenges such as improving the sustainability of their businesses, and on technical issues such as elite performance, coaching and officiating, building inclusive and safe sporting environments, and research and information management. It augmented these services by managing the Government’s grants to national sporting organisations for the purposes of high performance, strategic development, management and continuous improvement, club development, sound governance and special project outcomes.

The Sport Development Group also developed and implemented training and education programs in conjunction with organisations within delivery networks around Australia. It worked in partnership with sporting bodies, corporate organisations and other agencies to deliver visible sports programming in the wider community, including in regional and remote areas. In April 2002, Sue Baker-Finch vacated the position of General Manager, Sport Development Group. She was replaced, on an acting basis, by Shirley Willis.

BUSINESS OPERATIONS GROUP

This group is responsible for the corporate functions of the ASC. These include assets and property, commercial operations, information technology, human resources and finance, policy and coordination, International, the Communications, Marketing and Sponsorship Centre, and the National Sport Information Centre. In 2001, the ASC established three new programs. The Business Development Unit was created to increase the ASC’s off-budget revenue. Policy Projects was formed to address high-level issues such as the Gungahlin Drive Extension and public liability insurance. A Strategic Planning and Evaluation program was established to develop and strengthen the strategic planning framework for all levels of the ASC. In response to the Government’s call to enhance the ability of the Australian Sports Foundation, administration of the ASF was transferred to the Business Operations Group on 1 August 2001. The Business Operations Group was headed by Brent Espeland, General Manager, during the reporting period.
THE AUSTRALIAN SPORTS FOUNDATION

The Australian Sports Foundation (ASF) was established in 1986 to assist Australian sport by generating funds from the corporate sector and the community at large. Projects can be registered for facility development, equipment needs, sports development, team travel and hosting major events.

The ASF is a public company and is governed by the *Australian Sports Commission Act 1989*. It is listed in the *Income Tax Assessment Act 1997* (Division 30, Sections 30–90), which enables the ASF to offer tax deductions to donors for contributions of $2 or more. Since its inception, the ASF has helped raise over $70 million for the benefit of sport in Australia.

Until this year, the ASF was based in Sydney. In April 2001, the Government announced that the ASF would be reintegrated with the ASC and it was relocated to Canberra on 1 August 2001.

The ASF continues to build awareness in the sporting sector of the importance of partnerships involving sport, business and the broader community. Through targeted contact with sporting clubs, associations and national bodies, together with establishing direct links with local government, it has worked to enhance understanding of the benefits of its tax-deductible services and to develop a ‘can do’ culture within applicable organisations. A focus of the ASF’s core business activities has been raising awareness in regional and rural Australia.

As required by legislation, the ASF’s annual financial statements and related audit opinion for 2001–02 are reproduced in Appendix 1.

STAFFING

The ASC employs people in a range of fields, including elite coaching, science and medicine, administration and management.

Employees and consultants are engaged under the *Australian Sports Commission Act 1989*. Terms and conditions of employment are provided through the ASC (Committed to Excellence) Certified Agreement 2001–2004, the AIS Caretaker’s Cottage Childcare Centre Certified Agreement 2001–2004, or through Australian Workplace Agreements.

In 2001–02, the ASC engaged 384.7 full-time equivalent staff, excluding scholarship holders, athlete trainees and tour guides.

Details of ASC staffing statistics by categories can be found in Appendix 2.
THE BOARD

The ASC is governed by a Board of commissioners who are appointed by the Federal Minister for the Arts and Sport, Senator the Hon Rod Kemp. Details of all members who served on the Board during the year ending 30 June 2002 follow.

Mr Peter Bartels (Chairman)

FAISM, FRS

Peter was formerly a chief executive officer and managing director of a number of leading public companies. He is currently a director of the Melbourne Business School and chairman of Central City Studios.

In March this year, Peter was appointed as chairman of the CHOGM Committee for Cooperation through Sport, and is a director of the Australian Grand Prix Corporation and of Melbourne 2006 Commonwealth Games.

His interests extend to the wider community, where he is chairman of Women’s and Children’s Health, and a director of the Royal Children’s Hospital Foundation and of the Murdoch Childrens Research Institute.

Peter was an Australian cycling champion from 1957 until 1962 and a Commonwealth Games cycling gold medallist in 1962.

He attended all meetings of the Board during the year.

Appointed to 31 October 2002

Mr Alan Jones AM (Deputy Chairman)

BA, AEd (Qld), SDES (Oxon)

A public speaker of wide acclaim, Alan is a current affairs commentator and host presenter for national breakfast radio and television programs. He has been the recipient of numerous awards for his contribution to the radio industry. Alan has a long association with sport as a former Australian rugby coach and rugby league coach of Balmain and South Sydney.

Alan is the deputy chairman of the NSW Institute of Sport and a board member of the Sydney Cricket Ground and Sydney Football Stadium Trust.

He attended five of the six scheduled Board meetings during the year.

Appointed to 31 October 2002
Mr Cory Bernardi

Cory is an equity portfolio advisor for a major Australian financial planning and investment firm. Cory was an AIS scholarship holder in rowing and went on to become an Australian representative in the coxless four at the 1989 World Championships and other international regattas. He continues to row for recreation.

He attended all of the Board meetings during the past year and served as a member of the Audit Committee and subcommittees to review the sponsorship sales and servicing contract, the information technology equipment tender and the Indigenous Sport program.

Appointed to 31 October 2002

Ms Michelle Ford-Eriksson MBE

MA, BA

As an Australian representative in swimming for 10 years, Michelle won gold in the 800 metres freestyle and bronze in the 200 metres butterfly events at the Moscow Olympics in 1980. A dual world record holder for the 800 metres freestyle, Michelle also won Commonwealth Games gold medals in the 200 metres butterfly event in 1978 and 1982. Michelle was an inaugural member of the IOC Athletes’ Commission and a member of the International Olympic Academy for the IOC. For the Sydney 2000 Olympic Games, she was a regional manager for the National Olympic Committee services. She has previously been a consultant on the Olympic campaign bids for Sydney (2000), Brisbane (1992) and Melbourne (1996). She spent a number of years in Switzerland as a director of sport and a manager of a sports science unit at the University and Polytechnic College of Lausanne.

Michelle attended all of the Board meetings held during the year.

Appointed to 31 October 2002

Ms Margot Foster

BA, LLB

Margot has an established law practice in Melbourne, where she combines her interest in sports law and administration with her experience as an athlete. She won bronze in the women’s coxed four at the 1984 Los Angeles Olympics and gold in the women’s eight at the 1986 Commonwealth Games. Margot has held a number of sport-related appointments, including with the Australian Olympic Committee Athletes’ and Education Commissions, the Melbourne 1996 Olympic bid and Rowing Australia. She currently serves on the boards of Sport and Recreation New Zealand (formerly the Hillary Commission) and Gymnastics Australia.

Margot attended five of the six Board meetings held during 2001–02, and chaired the review of the Sport Education program.

Appointed to 31 October 2002
Mr Russell Higgins *(ex-officio officer)*
BEd (Hons), FAIM, MAICD

In his capacity as Secretary of the then Department of Industry, Science and Resources, Russell was appointed to the Board in an *ex-officio* capacity. With the change in portfolio affiliation brought about by the announcement of the third Howard Ministry in November 2001, Russell’s appointment to the Board ceased.

He attended two meetings of the Board between July and November.

*Appointed 9 October 1998*

Mr Roy J Masters
BA, M Litt, Dip Ed

Following earlier careers as a schoolteacher and a coach of a leading rugby league team, Roy is now a journalist with a major national newspaper and a regular presenter on the *Sportsworld* television program. He pioneered the AUSSIE SPORT program, which introduced modified versions of sport for children, and is currently the longest serving ASC Board member.

He attended all of the Board meetings during 2001–02 and served on the Audit Committee and is a member of the subcommittee for the review of the Sport Education program.

*Appointed to 31 October 2002*

Mr Kieren Perkins OAM
Kieren went to his first international swimming meet at the 1990 Auckland Commonwealth Games as a 16-year-old. He was the first swimmer in history to hold Olympic, World and Commonwealth titles simultaneously, and has been the recipient of numerous prestigious awards within the sporting fraternity. Often rated as the greatest male swimmer in Australian Olympic history, he is fondly remembered by most Australians for his gold medal performance in the 1500 metres at the 1996 Atlanta Olympic Games. He was a member of the successful 1993 Australian Olympic Committee Sydney Olympic presentation bid in Monaco, and was appointed to the board of Australian Swimming in December 2001 in his capacity as chairman of the ASI Swimmers Commission. Kieren is also a board member of the Starlight Children’s Foundation.

Kieren attended all of the scheduled Board meetings during the year and served on the subcommittee to review the sponsorship sales and servicing contract.

*Appointed to 31 October 2002*
Mr Charles ‘Chilla’ Porter

Chilla has a strong affiliation with track and field, and is currently the chief executive officer of the Western Australian Athletics Commission. He has previously been a board member and chairman of the WA Institute of Sport. Chilla was a silver medallist in the men’s high jump at the 1956 Melbourne Olympic Games and competed in the 1960 Games in Rome. He was a silver medallist in high jump at both the 1958 and 1962 Commonwealth Games.

He attended all of the scheduled meetings during 2001–02.

*Appointed to 31 October 2002*

Ms Karin Puels

LLB, B Comm, FAICD

Karin has had extensive involvement with the development, sponsorship and promotion of sport in Australia through her role as chief executive officer of the South Australian Health Promotion Foundation and through her ongoing support for individual athletes. She has expertise in the promotion of international concerts and events.

Karin has extensive financial expertise and her experience encompasses both public-sector administration and private-sector capital raising and business development. A lawyer by profession, Karin is a board member of the Australia–Indonesia Institute.

She has been chairing the Audit Committee since November 1998 and has served on the subcommittees to review the sponsorship sales and servicing contract, and the information technology equipment tender during the past year.

She attended all of the scheduled meetings of the Board during the year.

*Appointed to 31 October 2002*

Ms Pamela Tye OAM

Grad Dip ECE, Grad Dip Man Admin

Pamela had a long association with the Australian Women’s Hockey Association before her appointment as the inaugural president of Hockey Australia, the amalgamated body representing men’s and women’s hockey. She is also a vice-president and member of the executive board of the Federation of International Hockey (FIH). Pamela was the recipient of the FIH Award of Merit in 2001. She was a director of the board of the Sydney Paralympic Games and a member of the Sydney Youth Olympic Festival Committee. Pamela has been a member of the State Sport Centre Trust in Sydney since 1984.

She attended five of the six meetings held during 2001–02 and was a member of the subcommittees to review the Indigenous Sport program and is a member of the Sport Education program.

*Appointed to 31 October 2002*
Ms Helen Williams AO (*ex-officio* officer)

BA (Hons)

Helen became the *ex-officio* member of the Board on her appointment as Secretary of the Department of Communications, Information Technology and the Arts in January 2002. She had previous appointments as Secretary of the Department of Education and Youth Affairs, Department of Tourism, and the Department of Immigration and Multicultural Affairs prior to being appointed as the Australian Public Service Commissioner in 1998.

Helen is a member of the Management Advisory Committee of the Australian Public Service and a fellow of the Australian Institute of Management. She is a member of the board of the Bundanon Trust and a member of the Council of the National Library of Australia.

She has attended two of the three scheduled Board meetings since her appointment.

*Appointed January 2002*

**BOARD ACTIVITIES**

The Board met on six occasions during 2001–02, spreading the meetings across Brisbane, Melbourne and Canberra to accommodate a presence at major activities (such as the Goodwill Games) and meetings with major stakeholders and sporting organisations. In conjunction with the Board meetings, delegations from Australian Swimming, Athletics Australia, the Australian Golf Union, the Women’s Golf Association, Soccer Australia, Netball Australia and the Australian Sports Drug Agency held discussions with the Board on their future operations in partnership with the ASC. The newly appointed Minister for the Arts and Sport, Senator the Hon Rod Kemp, met with the Board in Melbourne in March and again when the ASC and the Australian Sports Drug Agency boards met in Canberra in June.

The Commonwealth Remuneration Tribunal conducted an annual review for all part-time public office holders. As a result, the Commonwealth Remuneration Tribunal determined a remuneration increase of 3.3% in April 2002. This was applied to members of the ASC Board.
THE AUSTRALIAN SPORTS FOUNDATION BOARD

In April 2001, the then Minister for Sport and Tourism, the Hon Jackie Kelly, MP, announced her intention to reintegrate the Australian Sports Foundation (ASF) with the ASC and to relocate its administrative base to the Canberra campus. Consequently, she appointed all serving ASC Board members to the Board of the ASF from 1 August 2001 until 31 October 2002. It was determined that ASF and ASC Board meetings were to be held concurrently. Towards the end of 2001, it became apparent that the ASF could function more effectively with a streamlined Board and the current Minister for the Arts and Sport, Senator the Hon Rod Kemp, agreed to a proposal in March to reduce the number of ASF Board members to five. He appointed Mr Bernardi as the Chair of the new ASF Board, supported by Mr Porter, Ms Puels, Mrs Tye and Ms Ford-Eriksson. The Board continues to meet in conjunction with, but separate from, the ASC Board. A report on the ASF’s activities is included in Appendix 1.

SUBCOMMITTEES

The ASC Audit Committee met formally on four occasions during the year and held discussions via a teleconference link on one other occasion. Ms Puels chaired the Committee, assisted by Mr Masters and Mr Bernardi. A report on the Audit Committee’s activities is included under ‘Financial accountability’ (page 65).

A number of short-term subcommittees were established during the year to review various programs and issues:

- Mrs Tye and Mr Bernardi completed a review of the Indigenous Sports program, providing a report on its operation together with a number of recommendations to the Board in December.

- A subcommittee comprising Mr Bernardi, Mr Perkins and Ms Puels considered proposals for outsourcing the sponsorship sales and servicing function, and determined the successful contractor. Towards the end of the year, the subcommittee reconvened to review the contractor’s performance.

- An information technology equipment tender subcommittee was appointed (comprising Mr Bernardi and Ms Puels) in December 2001 to consider the final tender evaluations for the supply of information technology equipment to the ASC.

- In March, Mr Masters, Ms Foster and Mrs Tye convened to review the ASC’s Sport Education program to determine if it was relevant to, and effective for, major stakeholders. A report on the subcommittee’s findings is due in October 2002.

The Active Australia Alliance subcommittee ceased to meet following the Government’s announcement of its Backing Australia’s Sporting Ability: A More Active Australia policy in April 2001 and the resulting implications for the Active Australia program.
LEGISLATIVE REPORTING REQUIREMENTS

Under Section 48 of the Australian Sports Commission Act 1989, the ASC is required to report on the activities listed below during the 2001–02 financial year:

• The release of the Government’s sports policy — Backing Australia’s Sporting Ability: A More Active Australia — in April 2001 resulted in substantive changes to the ASC’s strategic and operational plans.

• A new strategic plan, covering the period 2002–05, was approved by the Minister.

• The functions and performance forecasts contained within the ASC’s operational plan have been modified from its outcome/outputs framework submitted in the budget papers. An explanation of this change can be found in ‘Financial accountability’ (page 65). An assessment of the level of achievement for each new outcome is addressed in this report.

• No significant acquisitions or disposals of real property occurred.

• The ASC invested a total of $400,000 in capital works projects in 2001–02. The most significant of these projects was in the order of $250,000 to replace major air-conditioning components in the Sports Science/Sports Medicine building.

• Judicial decisions: no complaints were filed.

ENTERPRISE AGREEMENTS

The ASC (Committed to Excellence) Certified Agreement 2001–2004 has been in operation for 12 months. During 2001–02, a new AIS Caretaker’s Cottage Childcare Centre Certified Agreement 2001–2004 was adopted. The agreement covers eight childcare workers employed by the ASC.

SOCIAL JUSTICE AND EQUITY

The ASC acknowledges that its employees bring to the organisation a range of backgrounds, perspectives and life experiences, and it values this diversity. The specific strategies aimed at engendering a culture that values diversity are reviewed on an ongoing basis and include:

• assisting employees to balance their work and family responsibilities

• developing cross-cultural awareness

• preventing workplace harassment

• ensuring access and equity for people with a disability.
The ASC continued to ensure that the ASC Code of Conduct was provided to new employees as part of their orientation. The ASC Code of Conduct is currently being reviewed to ensure it continues to identify and promote the behaviours required to achieve the goals of the Strategic Plan 2002–2005.

DISABILITY ACTION PLAN

The ASC Disability Action Plan has been under review to ensure that employees are aware of their responsibilities under the Disability Discrimination Act 1992 in conjunction with the Commonwealth Disability Strategy.

OCCUPATIONAL HEALTH AND SAFETY

The ASC maintained its ongoing commitment to occupational health and safety (OH&S) during the year through:

• re-invigoration of the ASC WorkSafe Committee
• development of an updated OH&S policy and agreement, and a review of material safety data sheets for high-risk work sites
• completion of a comprehensive ergonomic-assessment process across the ASC
• re-training of all OH&S support groups across the ASC (these groups include first aid officers, fire wardens, health and safety representatives, and workplace harassment contact officers).

The ASC continued to provide ongoing support to employees through the Employee Assistance program. This program supports staff and their families by providing free and confidential counselling services.
FORMAL REPORTING REQUIREMENTS
UNDER THE OCCUPATIONAL HEALTH AND
SAFETY ACT 1989

Section 30  No requests were received from health and
safety representatives
Sections 45, 46 and 47  No notices of safety breaches were received
from Comcare
Section 68  Three serious personal injuries and one
dangerous occurrence were reported under
Section 68 of the *Occupational Health and
Safety Act 1989*

INDEMNITIES AND INSURANCE
FOR OFFICERS

The ASC is insured through the Government’s self-managed fund, Comcover. The full cost of commissioners’ and officers’ insurance has been met through Government appropriations. The ASC has met all statutory reporting requirements associated with reporting to Comcover.

CUSTOMER SERVICE CHARTER

A comprehensive review has been initiated to ensure that the Customer Service Charter is aligned with the *Strategic Plan 2002–2005*.

FREEDOM OF INFORMATION

The *Freedom of Information Act 1982* gives the general public right of access to documents held by the ASC. In the year ending 30 June 2002, no requests for documents under freedom of information legislation were received.

The ASC’s mission statement and objectives, organisational structure, Annual Report, certified agreement and strategic plan are available on the ASC’s web site <www.ausport.gov.au>.

A variety of publications and videos are available from the ASC. Requests for resources held by the ASC can be made to the Distribution Officer, whose contact details are listed in Appendix 8.
PRIVACY

The ASC’s privacy statement is displayed on the ASC’s web site at <www.ausport.gov.au>. The statement is in accordance with guidelines issued by the Federal Privacy Commissioner.

In November 2001, the ASC was advised by the Office of the Federal Privacy Commissioner that a complaint had been lodged against the ASC regarding the disclosure of personal information. The matter is yet to be finalised.

During 2001–02, the ASC implemented an inhouse training program for all staff highlighting the provisions of the Privacy Act 1988 and individual responsibilities and obligations. Information for staff and the public is also posted on the intranet and Internet, respectively.

On 21 December 2001, the Privacy Act was extended to cover private-sector bodies, including sporting organisations. The ASC prepared and circulated a guide to best privacy practices for sporting organisations, which addressed the requirements and obligations of these organisations. This guide supplemented awareness initiatives undertaken prior to December 2001.
CORPORATE OPERATIONS

To assist the ASC successfully deliver on its two outcomes, the Business Operations Group provides corporate support to both the AIS and Sport Development Group. The associated costs of corporate support are distributed between the outcomes.

PROGRAMS

During 2001–02, the Business Operations Group was streamlined with the elimination of the Senior Manager, Corporate Support position, thereby having all programs report directly to the General Manager. Three new programs were created: the Business Development Unit, which includes contract management; Policy Projects; and Strategic Planning and Evaluation.

Following the review of corporate communications, the Communications, Marketing and Sponsorship Centre was established in January 2002. A comprehensive review of the ASC’s information-management needs resulted in the development of the Strategic Information Management Plan. It is likely that implementation of the plan will lead to additional streamlining of Business Operations functions for 2002–03.

A description of each corporate program, as well as its achievements for the past year, are listed below.

Assets and Property

This program provides engineering, maintenance, asset and other property management and general services to the ASC’s programs.

The major activity in 2001–02 was the completion of a strategic facilities review and subsequent facilities investment plan, the basis for a major capital works program announced by the Government in the May 2002 Budget. Other activities included the preparation of the design specification for a new AIS archery facility, due for tendering in August 2002; the renovation of selected areas in existing buildings to improve work spaces; the returfing of an AIS soccer field; and the replacement of major air-conditioning components in the Sports Science/Sports Medicine building.

Commercial Operations

This program manages the AIS sporting and conference facilities in Canberra, and the residential accommodation complex for ASC programs. The program also promotes the use of the AIS Canberra facilities on a commercial basis to local, national and international sporting groups.

The business activities of the program generated off-budget revenue for the ASC by coordinating events and functions, hiring out facilities and residential accommodation, providing guided tours of the AIS and the Sportex exhibition, and through the operations of the AIS retail shop and the Swim and Fitness Centre.
The program hosted a number of major events including the Kanga Cup soccer tournament, Dancesport and the Commonwealth Games Baton Relay. The reporting period also saw record business growth levels in both the AIS Shop and the Swim and Fitness Centre, with steady growth in most revenue-generating activities.

A number of facility and equipment upgrades across the site were undertaken, including the installation of a new playground at the childcare centre, a new scoreboard and announcement system in the pool and a new display sign at the front of the Nestlé Sports Visitor Centre.

Notwithstanding the cancellation 12 months ago of the National Sports Program — a centralised funding system for national sporting organisations to hold training camps at the AIS — camp figures for the year have shown a remarkable level of consistency with past years. AIS non-residential programs and commercial clients have off-set any reductions in use by national sporting organisations.

Human Resources

The Human Resource program manages the employment framework and work arrangements for all ASC staff. Key services provided by the program include recruitment, payroll, salary packaging, human resources policy, remuneration management, occupational health and safety, and staff development.

There was significant recruitment activity during the year as the ASC focused on initiatives in response to the Government’s sports policy. The skills and expertise required to best deliver on these initiatives have been assessed and the program is reviewing its recruitment strategy to ensure it continues to attract the best people and meet the changing needs of the business.

In April 2002, Human Resources successfully implemented a new performance, planning and review system — an important element of the ASC’s integrated business planning framework. This system has been adopted by the whole organisation and provides the ASC with a communication tool designed to
assist staff and their supervisors to meet program and corporate objectives. Further, the system identifies opportunities for staff development and professional training.

During the year, the remuneration framework was reviewed in consultation with staff, and amended. The remuneration framework now provides a comprehensive and integrated structure that better meets operational needs, responds fairly to market force pressures and is consistent with the ASC (Committed to Excellence) Certified Agreement 2001–2004.

**Information Technology**

The Information Technology program services the computing and telecommunications infrastructure of the ASC; develops and implements software applications for sports science, coaching and administration; and coordinates information technology training across the organisation. Major Information Technology activities in 2001–02 were:

- completion of a tender resulting in a two-year contract for the purchase of all information technology equipment
- commencement of a major upgrade that will improve the local and interstate data network and replace obsolete servers
- coordination of outsourced information technology training courses for all staff on a weekly basis
- replacement of approximately 25% of the desktop and notebook computers
- development of computer systems including:
  - a new system to support the AIS Performance Enhancement Program
  - a web-based system to enable the easy presentation and selection of 35-millimetre slides from the National Sport Information Centre’s collection
  - enhancements to a number of existing systems including web update access for coaches registered with the National Coaching Accreditation Scheme.

**National Sport Information Centre**

The National Sport Information Centre provides a gateway to sport-related information and services for the Australian sporting community. It facilitates access to electronic resources and a world-class collection of sports books, videotapes and journals, and regular updating services.

The Centre continues to improve the electronic delivery of services to clients. A number of collaborative projects have been undertaken with ASC programs to provide additional services through the ASC Internet and intranet sites, and audiovisual area. Services such as secure areas, e-cards, a web site for national sporting organisations, online access to the *Australian Sports Directory*, a calendar and a database of sport and recreation courses were developed.

The major project has been the development of the ASC toolbox, providing staff access to ASC policies and procedures. This project has led to the redesign of the ASC intranet.
The audiovisual area has completed the initial move to a digital platform reflecting clients’ needs for digital products. The collection now caters for clients with both digital and analogue requirements. A project began to archive valuable footage in a digital format.

Finance

The Finance program is responsible for the ASC’s financial management, business support, accounts processing and financial reporting.

A detailed review of the Finance program was undertaken during 2001–02 with the aim of addressing the program’s alignment with key stakeholder needs. Recent years have seen the introduction of considerable change to the environment within which the ASC’s Finance program operates. The notable ‘business drivers’ of the review included the need to optimise the provision of responsive and pro-active support within the ASC while continuing to satisfy the Government’s financial-management initiatives. The review encompassed an evaluation of core roles, responsibilities, financial and management skill sets, and the consideration of stakeholder needs. The review resulted in streamlining the management function, which is expected to realise savings in the order of $100,000 per annum.

The major activities of the program during 2001–02 included:

• assisting with the business case presentation to the Government for the successful bid for capital funding to upgrade the Canberra campus
• increasing liaison with program areas to improve financial-management practices across the ASC and providing direct assistance on business decisions
• meeting all the Commonwealth Government’s external budgetary and reporting requirements
• preparing the ASC’s annual financial statements, which gained an unqualified report from the Australian National Audit Office
• the transfer of corporate insurance oversight to the Finance program.

Communications, Marketing and Sponsorship Centre

Following a review of communications-related activities across the ASC, the Communications, Marketing and Sponsorship Centre was established in January 2002.

The Centre’s primary objective is to carry out a range of communications activities to support the ASC’s strategic plan, especially in the areas of public, media and stakeholder information.

Specific achievements during the year included the more timely and effective targeting of information to all stakeholders, an emphasis on promoting the ASC’s broad role in sport, and improvements in the capacity of the outsourced sponsorship function to contribute to off-budget revenue.

Through its Media, Public and Stakeholder Relations program, new online and print publications were established. The program also upgraded its media liaison function and resources for media.
The Marketing and Communications Services program developed a long-term marketing plan for the ASC; planned a branding strategy to be rolled out in 2002–03; implemented recognition strategies to enhance public understanding of the ASC’s role and the Federal funding of sport; and provided cost-effective ASC-wide copyright-management, design, production and distribution services.

**Business Development Unit**

In November 2001, the ASC established the Business Development Unit. Through a competitive tendering process, Minter Ellison Consulting was awarded a 12-month contract to establish the Unit. On completion of the contract, the Unit will be managed entirely by internal resources.

Since its inception, the Business Development Unit outlined a framework for increasing off-budget revenue, produced a *Commercial Practice Manual*, assisted in the preparation of business cases for commercial opportunities, and implemented an ongoing training and awareness program for all ASC staff.

**Contract Management**

A contract-management function was created to provide strategic policy advice and direction on procurement, contract development and contract management. Notable achievements included the development of key ASC policies on procurement, and the successful completion of major tenders for the selection of an information technology provider and an AIS coach and athlete travel provider.

**International**

The International program fosters cooperation in sport between Australia and other countries through the provision of resources, services and facilities related to sport. In addition to managing federally funded international community
sports development programs, the program has strengthened its influence in commercial opportunities for the ASC. Programs managed by International are detailed under outcome 1. A memorandum of understanding was established between the ASC and the Beijing Sports Bureau to explore areas of cooperation leading to the 2008 Beijing Olympics. A three-year agreement was signed with MTN Communications under which the ASC is to provide consultancy services to assist the Nigerian Institute of Sport formulate a ten-year plan for an elite athlete development program.

The ASC has taken a leading role in promoting sport in the developing countries of the Commonwealth. ASC Chairman, Peter Bartels, was appointed chair of the Commonwealth Heads of Government Meeting (CHOGM) Committee for Cooperation through Sport. The Committee is mandated to build the case of sport as a legitimate tool for development, and to coordinate ‘donor’ country contributions to maximise the effectiveness of the programs.

During 2001–02, the program hosted 36 visiting delegations from 22 international governments and institutions, including a personal visit by the President of Nigeria.

**Policy and Coordination**

The Policy and Coordination program is responsible for coordinating and overseeing the timely provision of quality advice to the Minister and Government on policy issues affecting the development of sport in Australia. It also manages the ASC’s contribution to the broader business of Government.

In managing the flow of quality documentation and advice to the Minister in 2001–02, the Policy and Coordination program processed:

- 851 replies to ministerial correspondence
- 77 question time briefs
- 238 briefing submissions.

The program also provided secretariat services to the ASC Board, and coordinated the ASC’s contribution to the Sport and Recreation Ministers’ Council and the Standing Committee on Recreation and Sport. During 2001–02, the program supported the ASC’s involvement in four major projects concerning these forums:

- chairing the management committee for a Standing Committee-funded consultancy to review the impact of insurance-related issues on sport — the report of the review was presented to the chair of the Standing Committee in February 2002
- participating in, and providing secretariat support for, a task force established by the Standing Committee to review issues associated with the collapse of Ansett Australia and other developments in aviation — the task force’s review report was presented to the chair of the Standing Committee in November 2001
- co-coordinating the preparation of two reports on Indigenous sport and recreation initiatives to be submitted to the Council of Australian
Governments for consideration in the progress towards reconciliation —
the reports were submitted to the chair of the Standing Committee in
November 2001 and June 2002

• representing the ASC on the organising committee for the second National
Leaders in Sport conference, held in June 2002.

Policy Projects
Established in January 2002, Policy Projects undertook several major tasks over
the year. The program also managed the contract with Minter Ellison
Consulting regarding the establishment of the Business Development Unit.
Three significant issues addressed by this program were:

• Gungahlin Drive Extension — The ASC and the ACT Government have
jointly commissioned a study on the impact of a proposed ACT
Government construction of a major arterial road immediately west of the
AIS campus. Initial studies by the AIS have confirmed that the road, which
will pass within 200 metres of the AIS residences and 75 metres of the
athletics track and childcare centre will result in noise and air pollution.
This will impact negatively on the quality of the living and training
environment at the AIS.

• Public liability insurance — The insurance crisis has affected sporting
organisations at all levels. The ASC participated in the Standing Committee
on Recreation and Sport working group on insurance, which developed a
national risk-management and education system for the sport and recreation
industry. The ASC is working to ensure that insurance issues affecting sport
are brought to the attention of the ministerial forum looking at ways that
governments can reduce the problems of insurance liability. The forum
comprises relevant Commonwealth, state and territory ministers.

• Industry development — The ASC participated in the activities of the
Canberra Business Council’s Tourism, Arts and Sports Task Force.
The Task Force aims to promote business opportunities in Canberra and
to strengthen Canberra’s business infrastructure through projects such as
Exporting the Sports Industry, which the ASC jointly funds. The ASC also
participated in the Implementation Committee for Game Plan 2006 — the
sport and leisure industry’s national strategic plan for growth.

Strategic Planning and Evaluation
The Strategic Planning and Evaluation program is charged with developing and
strengthening the strategic planning framework for all levels of the ASC. During
planning framework was introduced to ensure a complementary and consistent
flow of information among the ASC’s planning and reporting documents.
OUTCOME 1
An effective national sports system that offers improved participation in quality sports activities by Australians

TOTAL PRICE: $31.491 million

The Government’s vision for a national sports system is that of a robust, self-sustaining sports network backed by a dynamic sports industry that plays a vital role in the development of sport in Australia at all levels.

Providing national leadership and direction for the industry in developing sport, the ASC works with sports delivery agencies at all levels, including grass-roots sporting clubs, to enhance their management.

ASC programs and initiatives offer improved participation in quality sport for all Australians while ensuring that Australia’s elite teams are provided with the opportunity to excel in competition on the world stage.

They also reflect the ASC’s role in providing advice to Government and other entities on policy issues affecting the development of Australian sport, and its charter to examine avenues to diversity and increase the sport resource base.

PERFORMANCE INDICATORS

1. The extent to which national sporting organisations adopt best practice management and governance
2. The extent to which national sporting organisations meet agreed performance outcomes
3. The range and quality of coaches and officials
4. The extent to which the sport education delivery network reaches its key clients
5. The extent to which management-improvement strategies and practices are implemented by sporting organisations
6. The extent to which technology and support structure initiatives are implemented nationally
7. Significantly increased sports participation by all Australians, particularly young people
8. Significantly increased local sporting club registrations
9. The export of ASC programs and products

The following table provides information on, and an assessment of, ASC achievements against the agreed strategies to deliver outcome 1 during 2001–02.

Table 1: National sport infrastructure development (continued)
VARIANCE FROM TARGETS

The following notes provide an explanation for variations between the set targets and the results achieved for outcome 1.

1. Management-improvement activities with national sporting organisations were marginally below those forecast due in part to focus being placed on the development of papers on governance principles and privacy requirements that were of benefit to all national sporting bodies.

2. Risk-management workshops were held in each state and territory capital city.

3. Demand for membership of the provider program was stronger than expected.

4. Due to recent amalgamations including women's soccer and futsal with Soccer Australia, men's and women's cricket, and men's and women's hockey.

5. The ASC partnership with Telstra in the SportNet product concluded in June 2002 due to the withdrawal of Telstra from the agreement for reasons of commercial viability. The program targets were modified in December 2001 to ensure sports intending to stay with the program were not disadvantaged.

6. While the actual number of agencies on the database totals 250, the current active number reflects the fact that the delivery of these courses by a number of agencies such as schools, is often itinerant and dependent on there being both a staff member able to coordinate the program, and a curriculum that is aligned to the learning outcomes these courses provide.

7. The 10 national sporting organisations with approved programs are generally in the early stages of program implementation, and it is premature to identify increases in local sporting club memberships at this stage.

8. Exposure relating to the third Active Australia Day and the brand name being in existence for over four years. Survey results show an increase from 23% public awareness to 35%.

9. Two projects developed by the ASC proved successful, and a further project was developed on the basis of a three-way relationship with a corporate organisation and a national sporting organisation.

10. In a survey of Active Australia partners, all respondents rated the service as very satisfactory or satisfactory.

11. Increased promotion by state Active Australia Schools Network coordinators.

12. The interest generated through the approach offered by the Indigenous Sport program encouraged additional national sporting organisations to seek similar assistance with regard to improving the level of service available to Indigenous Australians.

13. Increased demand from sporting organisations.

14. Increased demand from sporting organisations.

15. Five sports originally targeted, and towards the end of the financial year two additional sports were added due to urgent assistance required.

16. Total ASC costs of output is lower because of a delay in the implementation of the Targeted Grants Program. This program was established subsequent to the preparation of the performance indicators.
ASSESSMENT AGAINST PERFORMANCE INDICATORS

1 The extent to which national sporting organisations adopt best practice management and governance
In total, 42 sports participated in initiatives delivered under the Management Improvement Program aimed at improving business and management practices of national sporting organisations.

2 The extent to which national sporting organisations meet agreed performance outcomes
Forty-six national sporting organisations were rated satisfactory or better following reviews of their performance during the year and a further 20 reviews are in progress. Many of the higher-priority national sporting organisations also underwent a more comprehensive case-management assessment to determine their need for ASC assistance and services for the coming year or beyond.

3 The range and quality of coaches and officials
The range and quality of coaches and officials continued to improve under the National Coaching Accreditation Scheme and the National Officiating Accreditation Scheme. In 2001–02, a total of 89,236 were registered with the National Coaching Accreditation Scheme, including 22,639 new registrations. The National Officiating Accreditation Scheme registered 5345 officials.

4 The extent to which the sport education delivery network reaches its key clients
State delivery networks were maintained during the year with a total of 144 active sport education agencies (schools, TAFEs, universities and local councils) registered with the ASC to deliver the general principles of officiating and coaching courses across Australia. A 150% increase in the level of financial assistance was provided to all sport education centres located within each state and territory department of sport and recreation.

5 The extent to which management-improvement strategies and practices are implemented by sporting organisations
A range of assistance was provided to national sporting organisations to enhance their governance and management capabilities:

- 42 national agencies participated in specific management-enhancement strategies, such as charter agreements, board development and effectiveness, information management, risk management, business development and constitutional reviews
- of the 42 national agencies, 16 were assisted to undertake strategic and/or business planning processes
- eight workshops addressing risk-management issues were conducted in conjunction with Standards Australia, with 500 directors and sports administrators attending from 78 sports.
6 The extent to which technology and support structure initiatives are implemented nationally

The ASC partnership with Telstra in the SportNet product discontinued in June 2002 due to a decision by Telstra to end the agreement for reasons of commercial viability. The program targets were modified in December 2001 to ensure sports intending to stay with the program were not disadvantaged.

An alternative solution for existing SportNet customers was brokered with a third party, providing access to the major benefits of SportNet customers as identified in an ASC-commissioned review of the service.

Twenty-four sports were offered the chance to migrate to the new platform subsidised by funds realised in a settlement agreement between Telstra and SportNet. The proposed pricing model offers a single fee for a whole-of-sport solution rather than the previous Telstra fee per club. This encourages all levels of a sport to gain access to the service. The ASC has provided financial assistance to existing SportNet customers to ensure that they were not disadvantaged by the conclusion of the Telstra-delivered service.

The ASC remains committed to developing appropriate strategies to ensure sports receive assistance for their information-management needs.

7 Significantly increased sports participation by all Australians, particularly young people

With the introduction of the new Government sports policy, long-range performance measures are being established to assess the impact of the new programs designed to increase national sports participation rates. In 2001–02, the measures established included:

• exercise, recreation and sport survey
• Out of School Hours Sports program
• Targeted Sports Participation Growth Program
• Active Australia Event Partnership program
• adolescent physical activity survey (stage 1).

8 Significantly increased local sporting club registrations

Work commenced on the development of a standardised membership-monitoring system to provide reliable data on sporting club registrations across Australia. Implementation of this system will begin in 2002–03.

9 The export of ASC programs and products

In addition to activities through its own links, the ASC worked closely with Australia Sport International, an Austrade agency charged with increasing Australia’s sports exports.
PROGRAMS

Management improvement within sport

Management improvement
Forty-two national sporting organisations received consultancy advice and services in relation to their structure, governance, management and strategic direction, with the aim of increasing their capacity and capability to work towards their strategic objectives.

In addition to these targeted interventions, the ASC developed and distributed two principles of best practice papers that benefit and support all national sporting organisations. A guide to best privacy practices for sporting organisations was developed to assist the organisations in understanding how amendments to the Privacy Act impact on their operations. The National Sporting Organisations Governance Principles of Best Practice document provides a guide towards which national sporting organisations could work.

Sport management and administration
Eight ‘Directors of Sport — Risk Management’ workshops were conducted by Standards Australia in conjunction with the ASC. A workshop was held in each state and territory capital city as part of agreements with state and territory departments of sport and recreation or allied groups. A total of approximately 500 representatives from national and state sporting organisations attended the workshops, representing 78 sports.

Each half-day education program was designed to provide an awareness of risk management, the role of the board and board members in the risk-analysis process, and useful information and tools for developing a whole-of-sport risk-management policy.

National sporting organisations and the Active Australia Provider Network
Ten national sporting organisations approached club development within their sport by employing the Provider program as their primary developmental tool. The sports were baseball, BMX, swimming, skate Australia, netball (Victoria, Queensland and South Australia), motorcycling, surf life saving, table tennis, pony club and triathlon.

Through the identification of a select number of clubs, the sports have developed a focus group approach, working in a dedicated way to assist clubs review and address management issues at both regional and local levels. Representatives from the sports have attended workshops to facilitate the sharing of ideas and strategies, which can assist in furthering their club development objectives.

Clubs and the Active Australia Provider Network
Membership to the Provider club development program was 2552 at the end of the reporting year. A highlight in reaching this target was a presentation to the two thousandth member at a ceremony in regional South Australia attended by
local member and Minister for Foreign Affairs, the Hon Alexander Downer, MP. To mark the occasion, the Willunga Bowling Club was presented a plaque by Minister Downer and ASC Board member Cory Bernardi.

**Sport Development Grants Program**

ASC grants are provided to national sporting organisations to fund their sport’s education and development activities. In 2001–02, these funds were used to develop accredited coaches and officials, and to improve the operation of community sport clubs and their administrators.

**Sport education**

**Accreditation database registrations**

The National Officiating Accreditation Scheme and the National Coaching Accreditation Scheme continue to improve the quality of coaches and officials at all levels of sport.

- 89,236 coaches are registered with the National Coaching Accreditation Scheme. The Scheme registered 28,511 coaches during the year. This included a total of 22,639 new registrations:

  *HPC = high-performance coaching*

- 7055 officials are registered with the National Officiating Accreditation Scheme. For 2001–02, the National Officiating Accreditation Scheme registered 5345 officials, which included 5220 new registrations. The remaining 125 officials either sought an upgrade to a higher level or were re-accredited:

**AIS coaching scholarships**

Nineteen scholarships were provided under the National Coaching Scholarship program. Coaches in this program undertake a full-time one-year coaching apprenticeship with an AIS, or state institute or academy head coach.
Sport education delivery networks

State delivery networks were maintained during the year, with a 150% increase in the level of financial assistance provided to all sport education centres located within each state or territory department of sport and recreation.

In 2001–02, a total of 144 active sport education agencies (schools, TAFEs, universities and local councils) were registered with the ASC to deliver the general principles of officiating and coaching courses across Australia.

Thirty local councils around Australia, in partnership with state and territory departments of sport and recreation, assisted in the delivery of the Volunteer Management Program/Club and Association Management Program education course to local communities. The course provided information on club management for volunteers.

Two major workshops were conducted throughout the year. In August 2001, a workshop involving representatives from national sporting organisations began the process of reviewing the current National Coaching Accreditation Scheme and National Officiating Accreditation Scheme accreditation frameworks. This workshop was followed up with two consultation meetings with sports, as part of the ASC Board’s review of the ASC’s sport education activities. Over 100 delegates, representing a broad range of organisations involved in the delivery of sport education, attended the ‘Facing the Future of Sport Education’ workshop in January 2002 as part of the ongoing professional development and skills training program for coaches and officials.

State-based education workshops were conducted in the areas of mentor training, assessor training, and the Officials Coach Training Program in conjunction with individual state or territory departments of sport and recreation, and state sport federations.

The Sport Education section, in partnership with Sport and Recreation Training Australia, continued its involvement in the Sports Industry Training Package by assisting in the content review process of the original package.

The Sport Education section continued to provide quality advice and support to over 90 national sporting organisations in order to improve the quality of their education and training programs for coaches and officials.

Recognition of officials and coaches

The Thanks Coach, Thanks Official campaign continued to operate in most states with eight national sporting organisations implementing a sports-specific campaign during the year. The ASC generic campaign materials, including posters, certificates, cards and stickers, were well received by these sports and their state organisations.

Online education

Generic education programs using Internet technology were expanded. The development of the Coaching Principles (Level 2) course online by the Sport Education section continued to meet the growing demand from coaches, in particular those from rural and regional communities, for flexible education delivery opportunities.
Active Australia participation partnerships

Targeted Sports Participation Growth Program

During 2001–02, the ASC Board approved the Targeted Sports Participation Growth Program for 10 sports: Australian football, athletics, basketball, baseball/softball (joint project), women’s golf, gymnastics, rugby league, rugby union, surf life saving and tennis.

The Targeted Sports Participation Growth Program involves the targeting of a small number of sports for special support, under the Active Australia banner, to increase their business through expanding active membership of clubs and associations. By targeting mostly larger sports with an already extensive club infrastructure, the aim is to achieve significant growth in the number of people of all ages participating in grass-roots sports.

The ASC’s approach is to create a three-way relationship among the ASC, the national sporting organisation and a corporate sponsor to deliver a program of growth and sustainable participation. The support of the corporate sector is a key focus of the program, with the ASC providing substantial upfront financial and service support, and the corporate sponsor ensuring the sustainability of the programs.

1800 Reverse Street Active

1800 Reverse Street Active was launched in March 2002. The first of a seven-event series in 2002 was held over 14 days at the Sydney Royal Easter Show. Over 2400 children participated in Learn to Ride coaching clinics in skateboarding, inline skating and freestyle BMX. Targeted at 6 to 14-year-olds, clinics were conducted by Australia’s first-ever accredited coaches in street sports. The clinics were free and all equipment was provided. This new initiative encourages, for the first time, the formation of membership pathways for street sports. Through newly formulated coaching programs, these pathways will provide participants with coordinated skills-based opportunities for development.

Children receiving roller-blading instruction during a Learn to Ride clinic at the 1800 Reverse Street Active launch, Chatswood Skate Park, 2002
1800 Reverse Street Active supports *Backing Australia’s Sporting Ability: A More Active Australia* through the ASC’s shift to visible programming and activities in preference to general awareness raising and education about the benefits of sport. It also builds partnerships between the Commonwealth Government, national sporting organisations (Skate Australia and BMX Australia), and the corporate sector (1800 Reverse and Milo).

**Sportstralia Expo**

Sportstralia Expo enabled Australians to ‘sign-on’ to sports by expressing their interest in joining a local sporting club at Westfield Shopping Centres. The concept was piloted at seven Westfields in South Australia and Queensland from 4 to 9 March 2002. Thirteen selected sports actively participated in the Expo, which featured interactive displays and presentations involving high-profile athletes, encouraging people to become members of a local sporting club. The Expo generated 2823 expressions of interest across all sports. The evaluation of the pilot event indicated that participating sporting organisations felt that Sportstralia Expo provided good exposure and viewed the event as a positive general awareness-raising exercise.

**Sanitarium Weet-Bix Kids TRYathlon Series**

The 2002 Sanitarium Weet-Bix Kids TRYathlon Series was delivered under a three-way relationship among the ASC, Sanitarium Health Food Company and Triathlon Australia. It provided participation opportunities for all children aged 7 to 13 years and promoted the messages of healthy living, good nutrition, fun, challenge and a sense of achievement through sport. The ASC’s investment in, and support of, the TRYathlon Series ensured an increased number of events for 2002 and beyond. It also presented Triathlon Australia with an opportunity to increase the profile of the sport among juniors and parents, and to secure vastly increased junior club memberships.

The TRYathlon Series consisted of six events held in both metropolitan and regional areas across Australia between February and April 2002, and is attributed as being the largest ever series of triathlon events for children in Australia, attracting over 6000 participants. The three-way relationship has immense potential, demonstrated by the excellent start to the three-year program in 2002.

**Other events**

**Active Australia Day**

The third annual Active Australia Day was conducted on 28 October 2001. In accordance with the Government’s sports policy, the event was re-focused to encourage active membership in sporting clubs ahead of broad participation in physical activity.

The Leisure Australia Foundation again partnered with the ASC to deliver the event. It resourced and supported participating councils, and coordinated the advertising and public relations campaign around the event. The media response to the promotional campaign was excellent, with high levels of saturation in the targeted local council areas in particular.
In total, 105 councils conducted Active Australia Day activities including ‘come ’n try’ sports expos, sporting club displays and open days, community walks, fun runs and bike rallies.

**Queen’s Jubilee Baton Relay**

The ASC welcomed the Queen’s Jubilee Baton Relay to Canberra on 24 April 2002. The baton — which was greeted at the Nestlé Sports Visitor Centre by over 200 staff, athletes and visitors — began its tour through Canberra at the AIS in recognition of the important role the AIS plays, not just in the development of Australia’s elite sportspeople, but of its significance to Canberra and its community.

Petria Thomas had the honour of carrying the baton into the ASC reception where it was received by ASC Chairman Peter Bartels. Nathan Deakes started the baton’s journey from the campus with a further eight AIS athletes featured in the 32-leg relay through Canberra.

The Canberra section of the relay was a tremendous success and voted by the Australian Commonwealth Games Association as the best staged in Australia.

**Active Australia Awards**

The 2001 Active Australia Awards were held at Parliament House, Canberra, in October. The awards recognised good practices in sporting clubs and organisations, schools and local councils.

These practices emphasised:

- an increase in participation in organised sport across all age groups at local, club and school levels
- an improvement in management infrastructure, products and services at all levels of sport to ensure quality participation opportunities and sustainability.
The 2001 Awards also incorporated a one-off category to reflect the significance of the International Year of the Volunteer. The award recognised the outstanding volunteer-management practices adopted by clubs and organisations.

ASC Chief Executive Officer Mark Peters hosted the presentation. Special guests, ASC Board member Kieren Perkins OAM and Bill Pewtress, presented awards to the winners and high commendation certificates to other finalists in the 13 categories.

**Junior Sport Unit**

The Junior Sport Unit established a partnership with VicHealth for the Victorian pilot of the Out of School Hours Sport Program. The 7–9.00am and 3–5.00pm time slots have always been challenging ones for parents and guardians who are employed in full-time work. The ASC and VicHealth are seeking to establish providers who will deliver pilot programs that encourage children in the junior-age range into organised sporting activities.

The Active Australia Schools Network focused on facilitating links between member schools and local community sport clubs. The Junior Sport Unit contracted with the Australian Council of Health, Physical Education and Recreation to manage the network nationally. The Council provided expert advice to sports in regard to entry and access to schools.

The Junior Sport Unit has worked closely with the sports industry and other key clients through various consultation processes to re-establish junior sport as a priority, and to develop strategies to increase junior sport participation within registered clubs. Its strategy is to provide new and varying networks and environments for sports to enter, in particular the Targeted Sports Participation Growth Program.

**Indigenous Sport Unit**

The Indigenous Sport Unit streamlined its athlete development programs to achieve a more practical and efficient delivery model. In particular, the Unit consolidated its five individual athlete assistance programs into one comprehensive athlete development pathway. The consolidated program began on 1 July 2001.

A major shift arising from the program was encouraging national sporting organisations to look beyond elite development to play a more active role in increasing participation, infrastructure and skill development in Indigenous communities.

For the first time, the sport system was formally linked to a network of Indigenous sport development officers employed by the Indigenous Sport Unit throughout Australia. Specific achievements included:

- 35 collaborative sport development projects implemented in Indigenous communities throughout Australia. These projects focus on the development of self-sustaining sporting structures through coach and official education, competition development and links to existing sporting structures
- 163 scholarships provided in over 24 sports
• assistance provided to 495 athletes to attend national events and to 56 athletes to attend international events through the National Elite Travel and Accommodation program

• 13 national sporting organisations undertook a sport-specific cross-cultural awareness training package

• a workshop delivered to 13 national sporting organisations and seven state Indigenous Sport Unit coordinators to discuss strategies to develop and better deliver community sport programs for Indigenous Australians.

Community Programs and Social Policy

Women and sport

A successful National Forum on Pregnancy in Sport was conducted in Sydney in August 2001. The forum brought together specialists in the areas of medicine, law, insurance and ethics to present and discuss current research, information and expert opinion relating to the participation of pregnant women in sport, in particular semi to full-contact, collision and endurance sports.

An outcome of the forum was the development of the Pregnancy in Sport: Guidelines for the Australian Sporting Industry publication. Based on the conclusions of the forum, and on other expert contributions, the document provides an overview of the issues; information on health, medicine, law, insurance and ethics; and simple guidelines for organisations and individuals. It also answers frequently asked questions and includes a section on further useful resources.

At the third World Conference on Women and Sport, held in Canada, the ASC was commended on its continued commitment to, and excellent work in, addressing issues of women and sport.

The Pregnancy in Sport: Guidelines for the Australian Sporting Industry publication produced by the Australian Sports Commission.
Harassment-free sport

Nine member protection officer training courses were conducted in six states and territories during 2001–02.

Sixty-five people were accredited to be the first point of call for complaints relating to harassment, discrimination and/or child abuse. An additional 40 people completed the training for educational purposes (for example, as part of a management/supervisor role).

A formal partnership was established with the South Australian Equal Opportunity Commission and the South Australian Department of Sport to further develop and promote the online training, education and information web site <www.playbytherules.net.au>.

Assistance was provided to seven sports (swimming, surf life saving, softball, gymnastics, tennis, athletics and water polo) to develop, implement and promote a comprehensive approach to member protection throughout their sport.

Disability sport

In March 2002, the implementation of the nationally significant initiative, Project CONNECT (Creating Opportunities Nationally through Networks in Education, Classification and Training), was approved. This new project is a joint venture with the Australian Paralympic Committee and will build on the work of the Disability Education program to develop a national classifier and athlete support program. This will provide greater access to disability and non-disability-specific sport structures in Australia in the years ahead.

The classification program is the first of its kind nationally, and will create great interest within the international sporting community where there is a lack of any well-managed program to support classifiers of athletes with a disability. The foundation of Project CONNECT is the implementation of disability action plans with targeted national sporting organisations. Strategies and outcomes articulated in the action plans will determine the extent of a national sporting organisation’s involvement in a range of education and support programs.

The ASC has agreements in every state and territory regarding the delivery of the Disability Education program. Through this network, in 2001–02, 3507 people participated in education and training programs to assist them to include people with a disability in sport. The Disability Education program network will be a key delivery arm for Project CONNECT.

Research

The Research program continued to monitor, evaluate and investigate issues relevant to sport development. The program developed and funded the following projects:

- collection of data on participation by those aged 15 years and older in physical activity for exercise, recreation or sport purposes via the exercise, recreation and sport survey

- collection of Active Australia brand recognition and message-awareness data

- researching the role of sport and recreation programs in preventing or reducing anti-social behaviour among youth
• researching outcome indicators that can be used for measuring the impact of sport and recreation programs on the health and social wellbeing of Indigenous communities
• preparatory work on the development of a national adolescent physical activity-monitoring system to measure rates of participation in sport and physical activity by 10 to 17-year-olds.

International activities
Throughout 2001–02, the International program managed and conducted the following international commercial projects:
• Malaysia — Preliminary concept development plan for the Putrajaya Sports Academy
• Singapore Sports Council — Review of the high-performance programs of the Singapore Sailing Federation, and establishment of the Singapore Coaching Council
• India — Staging of a multi-disciplinary workshop for the Sports Authority of India
• Nigeria — The initial scoping review for the establishment of a 10-year plan for an elite athlete development program.

There was an increased influence of ASC international services throughout the four federally funded (AusAID/DFAT) international community sports development programs. The programs were:
• Australia–South Pacific 2006 Sports Development Program (including the highly successful Oceania Olympic Training Centre, which conducted 20 scholarships for athletes and coaches from the South Pacific region)
• PNG Silver Jubilee Community Sports Development Program
• Australia–Africa 2006 Community Sports Development Program
• Australia–Caribbean Community Sports Development Program.

Specific new developments within these programs included the creation and adoption of an innovative sports education course, an expanded role in event management at respective national and regional games, the successful hosting of the Oceania Sports Development Officers workshop at the AIS, and the ASC’s continued assistance of Tuvalu, Kiribati, the Marshall Islands and Niue in their endeavour to achieve National Olympic Committee status.

CONCLUSION

The ASC has delivered the agreed performance outputs against outcome 1 as agreed with the Government for the reporting period. It is charting a course towards a more effective sports system that provides quality sporting experiences for Australians by delivering programs that address the needs of organisations at all levels of Australian sport.
OUTCOME 2
Excellence in sports performance by Australians

TOTAL PRICE: $108.007 million

The Commonwealth Government’s sports policy is committed to strengthening Australia’s high-performance sport system, and backing Australian sporting ability over the next 10 years to enable Australian athletes to excel at the Olympic, Paralympic and Commonwealth Games, other multi-sport events and world championships.

The Government’s Sports Excellence program, delivered through the ASC, underpins the sustained success of Australian athletes through continued international competition and exposure to world-class coaches.

The ASC, through the AIS, provides a world-class training environment to support AIS athletes and coaches, including services such as planning and evaluation, athlete and coach services, and technical direction.

PERFORMANCE INDICATORS

1  Team and individual world placings and rankings
2  Representation of AIS former and current scholarship holders

The table on the following page provides information on, and an assessment against, the agreed strategies chosen to deliver outcome 2.

### VARIANCE FROM TARGETS

The following notes provide an explanation for variations between the set targets and the results achieved for outcome 2.

1. There were 673 scholarship positions during the period 1 July 2001 to 30 June 2002. In some AIS sports, there were no opportunities for AIS athletes to represent Australia in the age group that applied to those athletes during the reporting period. Of the 513 athletes who were eligible to represent Australia, 462 (90%) were selected. This represents 69% of all scholarships.
Tennis and cricket plans will be completed by 30 July 2002. Both programs have had substantial changes in personnel and structure since January 2002, which have resulted in a delay in the completion of the plans.

Reviews of winter sport and rugby union are expected to be completed by 30 July 2002. Women’s soccer, cricket and tennis will be reviewed in December 2002 once their programs have been operating for 12 months.

Survey results from 295 AIS athletes across 25 of the 35 sports programs. Two hundred and seventy-three (93%) athletes responded that they were either very satisfied (117) or satisfied (156) with their scholarship.

At the May/June 2002 performance enhancement review meetings, the AIS and national sporting organisations agreed that 25 of the 30 (83%) programs reviewed were meeting or exceeding agreed expectations in terms of program performance and service delivery effectiveness.

Due to the loss of corporate-sector support following the Sydney 2000 Games, many sports needed to rationalise high-performance expenditure. Therefore, the responsibility of accessing and paying for sports science/sports medicine services has reverted to the individual athlete.

This variation is due to the re-assessment of the eligibility to receive high-performance funding support and the resulting reduction of the total number of national sporting organisations receiving funding under this program.

Based on responses from workshop participants indicating relevance of content.

Total ASC costs of outputs is greater because of greater than budgeted external revenue.

ASSESSMENT AGAINST PERFORMANCE INDICATORS

1 Team and individual world placing and rankings
Australians continued to achieve excellent results in international competition in the year following the 2000 Olympic and Paralympic Games. While the overall number of top-3 results achieved was slightly below the previous year’s (2000) results, 38 Australian athletes and teams achieved top-3 places in major international competition in 2001, compared with 42 in 2000 and 37 in 1999.

2 Representation of AIS former and current scholarship holders
The AIS continued to make a significant contribution to the international success of Australian sport. Highlights of this contribution are listed in the section ‘AIS sports performance highlights’ (page 53). A detailed analysis of each AIS sport program’s performance and its contribution to Australia’s international performance can be found in Appendix 3.
NATIONAL SPORTS HIGHLIGHTS

This section outlines some of the notable performances by Australian representatives.

Brisbane hosted the Goodwill Games in September 2001 and Australian athletics medallists were: Matt Shirvington, Dmitri Markov, Nathan Deakes, men’s 4 x 100 metres relay team, Melissa Rollison, Tatiana Grigorieva and Bronwyn Thompson.

In March 2002, Athletics Australia had the most successful World Cross Country campaign. Team results were: Open women fifth, U20 women fourth, Open men fourteenth, and U20 men eighth. Two top-5 places and another five top-30 positions were achieved in individual races, in which up to 200 athletes competed.

Australian road cyclists had a memorable year both in Europe and Australia. Stuart O’Grady held the leader’s yellow jersey for a record six stages during the 2001 Tour de France, while Cadel Evans, in his first full year as a professional cyclist, held the leader’s pink jersey in the 2002 Giro de Italia. At home, Michael Rogers won the Tour Down Under from Robbie McEwan, who was the overall points winner. Anna Millward continued to have success, finishing the Women’s World Cup Road series in first place.

Australian divers recorded their largest number of medals with Irina Lashko winning silver and Loudy Tourky and Matthew Helm winning bronze at the 2001 World Diving Championships in Fukuoka, Japan, in July 2001.

Karrie Webb became the youngest woman ever to achieve the Career Grand Slam in golf by winning the 2001 LPGA Championship, and successfully defending her title at the US Women’s Open. She became the seventh player ever to win back-to-back championships.

Men’s artistic gymnast Phillipe Rizzo won Australia’s first ever World Championship medal with a silver on the high bar. Other outstanding results at the World Championships included women’s artistic gymnasts Allana Slater’s fourth placing on the floor, and Jacqui Dunn’s sixth placing on the uneven bars.

The Australian netball team maintained its dominance in the international arena and remains the world and Commonwealth Games champions.

Australian networkers recorded their best ever result at the 2001 World Championships in Lucerne, with three gold medals to the women’s eight, women’s four and women’s quad sculls. These results helped Australia to third place on the gold medal tally.

The Wallabies, Australia’s national rugby union team, currently hold every major trophy in world rugby for which they have competed, including the Tri-Nations Trophy and the Bledisloe Cup. In 2001, the Wallabies won the British and Irish ‘Lions’ Test series in Australia for the first time in rugby history.

Australia continued its domination of world surf life saving by placing first at the Goodwill Games. The Australian team defended its title as the world number 1 at the World Championships in Daytona Beach, Florida.
The Australian swim team laid claim to top nation status at the 2001 FINA World Swimming Championships in Japan, topping the gold medal tally. Highlights included:

- Ian Thorpe won six gold medals to become the highest gold medal winner in World Swimming Championship history. He also broke four world records and was voted Best Performer of the Meet.
- Petria Thomas won the 100 and 200 metres butterfly ‘double’ to add to her gold medal in the women’s 4 x 100 metres medley relay together with team mates Dyana Calub, Leisel Jones and Sarah Ryan.
- Grant Hackett smashed the world record for the 1500 metres freestyle by over seven seconds.
- World records were achieved by the men’s 4 x 200 metre freestyle relay team of Ian Thorpe, Grant Hackett, Michael Klim and William Kirby.

In total, Australian swimmers broke six long course world records and nine short course world records over the year.

Australia remains a world leader in tennis. Lleyton Hewitt achieved the number 1 world ranking in November 2001, and he also topped the ATP’s Champions Race and won the final Masters Cup in Sydney. A few weeks later, he joined Patrick Rafter, Wayne Arthurs and Todd Woodbridge for the Davis Cup World Group final at Rod Laver Arena, Melbourne, where France narrowly beat the Australians 3 rubbers to 2.

The Australian wheelchair tennis team — David Hall, David Johnson and Anthony Bonaccurso — gained second place in the World Team Cup. David Hall also won the Nasdaq 100 Open, the Florida Open and the Japan Open.

Australian triathletes continued to lead the world in international events. Michellie Jones, Peter Robertson, Greg Bennett, Loretta Harrop and Chris Hill all won individual World Cup events, while Chris McCormack and Loretta Harrop also won gold at the 2001 Goodwill Games.

Australian sailors again made an impact in world competition, gathering 17 World Championship titles over the year: nine open titles, five junior titles and three titles in masters competition.

**AIS SPORTS PERFORMANCE HIGHLIGHTS**

During 2001–02, the AIS conducted 35 programs in 26 sports. The AIS provided 691 scholarships to athletes in these programs. Each national sporting organisation is responsible for the management of an elite athlete pathway in their sport. As agreed with the national sporting organisation, the AIS plays one of two roles in the organisation’s elite athlete pathway by conducting sports programs targeted at either:

- elite or senior international programs (23 programs)
- pre-elite or developmental programs (12 programs).
The programs are either residential, where the athletes are based full time in one location (Canberra, Melbourne, Perth, Adelaide or Brisbane), or camps based, where the athletes’ daily training is conducted in their home environment and the AIS brings the athletes together throughout the year to attend training camps.

Details of the role and structure of AIS programs, and a comprehensive report on AIS sport performances in 2001–02 can be found in Appendix 3.

In addition to these programs, and in conjunction with the Commonwealth Games Association, the AIS offered 30 individual scholarships to athletes specifically preparing for the 2002 Commonwealth Games. These athletes represented sports that were not part of the 26 sports for which the AIS conducts a scholarship program. The athletes received up to $4000 to assist in their training preparation program, as well as sports science/sports medicine services delivered through the AIS, or state institutes or academies of sport.

Some of the highlights of AIS athlete and program performances in 2001–02 are presented below.

**AIS athletes**

- Philippe Rizzo (gymnastics) and Petria Thomas (swimming) were joint winners of the AIS Athlete of the Year for 2001.

- Philippe won a silver medal on the high bar at the 2001 World Championships. This was Australia’s first ever medal in World Championship competition in men’s gymnastics. He also won gold medals in the same event at the World Student Games in Beijing and Goodwill Games in Brisbane.

- Petria won three gold medals at the 2001 FINA World Swimming Championships. Two of her gold medals were in individual events (100 metres and 200 metres butterfly), and she was also a member of the winning 4 x 100 metres medley relay. Petria is ranked world number 1 in the 100 metres and 200 metres butterfly.

- Luke Schenscher (basketball) was the winner of the AIS Junior Athlete of the Year for 2001. In 2001, Luke became the first AIS men’s basketball player since Mark Bradtke in 1987 to go directly from the AIS program into the senior national men’s team. Luke also represented Australia at the East Asian Games in Japan.

- Victoria Roberts (AIS/NSWIS), Joanna Lutz, Julia Wilson (AIS/NSWIS) and Jane Robinson (women’s four — rowing) won the AIS Team of the Year for 2001. As the Australian women’s four, Victoria, Joanna, Julia and Jane won the gold medal at the 2001 Rowing World Championships held in Lucerne, Switzerland.

- Matthew Engele (men’s soccer) and Rebecca Witham (AIS/QAS) (women’s water polo) were joint winners of the AIS Education Achievement Award for 2001.

- Todd Pearson (swimming) was the winner of the AIS Vocational Award for 2001.
Programs

- **Archery** — AIS archer David Barnes finished second in the XV Golden Arrow Grand Prix Tournament in Antalya, Turkey (senior open event). During the elimination rounds, David broke his own 18 arrow world cadet record, the 18 arrow world junior record and was only two points short of the open record.

- **Athletics** — Neil Fuller won the first ever IAAF World Championship gold medal for amputee athletes, convincingly winning the 200 metres. Nathan Deakes finished fourth in the 20 kilometre walk at the IAAF World Championships and won Australia’s first athletics medal of the Goodwill Games in the 20 kilometre walk. Benita Johnson (née Willis) finished fourth in the World Cross Country Championships.

- **Australian football** — Australia defeated Ireland 2–1 in the 2002 U17 International Rules series in Ireland. AFL clubs selected 20 scholarship holders in the 2001 national draft.

- **Boxing** — AIS boxers Greg Eadie, Daniel Geale and Paul Miller each won gold medals, and Jarrod Fletcher won a silver medal, at the 2002 Oceania Boxing Championships.

- **Disabled skiing** — At the 2002 Paralympics, AIS scholarship holders Michael Milton (AIS/NSWIS) won four gold medals and Bart Bunting (AIS/NSWIS) won two gold medals and one silver medal. AIS scholarship holders recorded 14 top-20 finishes.

- **Canoeing (sprint)** — Katrin Borchert (AIS/QAS) won a silver medal at the 2001 World Championships in the LK1 500 metres.

- **Canoeing (slalom)** — Robin Bell (AIS/WAIS) won two 2001 World Cup silver medals in the men’s C1 (Augsburg, Germany and Prague).
• *Cricket (men)* — Of the 17-man squad selected for the Ashes Tour in 2001, 12 (70%) were graduates of the Commonwealth Bank Cricket Academy, which is a program of the AIS.

• *Cricket (women)* — 92% of the Australian team that won two one-day international series against New Zealand in February and March 2002 were AIS scholarship holders.

• *Cycling (sprint)* — Ryan Bayley (AIS/WAIS) won a gold medal at the 2001 Track Cycling World Championships in the men’s keirin event.

• *Cycling (road)* — Anna Millward (AIS/VIS) placed first in the 2001 UCI World Cup standings.

• *Diving* — Robert Newbery won a gold medal in the men’s three metre springboard event at the 2002 FINA Diving Grand Prix. Mathew Helm won a gold medal in the men’s platform event at the 2002 FINA Diving Grand Prix in Southport.

• *Golf* — Nadina Taylor was a semi-finalist in the Ladies British Open Amateur Championship. Michael Sim was runner-up to former AIS scholarship holder Kurt Barnes (NSWIS) at the Australian Amateur Championships.

• *Gymnastics (women)* — Alexander Croak won the all-around gold medal at the 2002 National Championships.

• *Hockey (men)* — Twelve members of the Australian team that finished second in the Champions Trophy in Rotterdam in November 2001 were AIS scholarship holders.

• *Netball* — The AIS netball team won the South Australian State League in 2001.

• *Rugby union* — Sixteen members of the Wallabies, which won the Bledisloe Cup and Tri-Nations Trophy, and are current World Champions, were former AIS scholarship holders.

• *Rowing* — All members of the Australian women’s four that won the 2001 World Championship (Victoria Roberts [AIS/NWIS], Jane Robinson, Joanna Lutz and Julia Wilson [AIS/NWIS]) were AIS scholarship holders. Six of the eight members of the Australian women’s eight (Victoria Roberts, Jane Robinson, Joanna Lutz, Julia Wilson, Rebecca Sattin [AIS/WAIS] and Jodi Winter [AIS/NWIS]), which won the World Championship, were AIS scholarship holders. Both crews were coached by AIS coach Lyall McCarthy.

• *Sailing* — Jenny Armstrong (AIS/NWIS)/Belinda Stowell (AIS/WAIS) finished in second place in the 2001 Women’s 470 Class World Championships. Melanie Dennison (AIS/VIS)/Fiona Herbert (AIS/NWIS)/Kristen Kosmala (AIS/NWIS) finished as second nation in the 2001 Yngling Class World Championship.

• *Squash* — AIS scholarship holders Stewart Boswell, Paul Price (AIS/VIS) and John Williams (AIS/VIS), and former scholarship holder David Palmer, won the World Men’s Championships.
• Swimming — Seventeen out of 21 (81%) AIS scholarship holders were selected to compete at the ninth FINA World Swimming Championships. AIS athletes won a total of 12 gold medals.

• Tennis — Ryan Henry won the 2002 Australian Junior Hardcourt Championships. Todd Reid finished second in the 2002 Australian Open Junior Championships held in Melbourne, and also won two men’s 2002 futures events. Adriana Szili won the 2002 Wellington Women’s International — women’s senior satellite event.

• Volleyball — The Australian men’s team (all AIS scholarship holders) finished second at the Asian Senior Men Championships held in Iran in September 2001. The Australian women’s team (all AIS scholarship holders) qualified for the 2002 World Championships.

OTHER AIS PROGRAMS AND ACTIVITIES

The AIS provided facilities and assistance for elite athletes, including access to world-class coaches, leading sports science support, and an unrivalled career and education program. Through this approach, the AIS provided integrated support services to the sport programs that contributed to the successful achievement of outcome 2 — excellence in sports performances by Australians — in 2001–02.

A review of the AIS conducted in 2001 provided the opportunity for the Institute to re-focus its operations and activities to ensure that future levels of success can be compared to those of the past. The review made three key findings, relating to:

• an enhanced planning and evaluation process for all operational areas and programs of the AIS
• better integration and delivery of services to AIS programs
• an emphasis on the AIS keeping at the forefront of the development of successful high-performance athletes and coaches.

In addition to a restructure of the AIS, the review recommended the following strategies to implement the overall findings:

• implementation of a Performance Enhancement Program
• introduction of a defined system of allocating service provision to AIS programs
• focus on continuing the AIS’s role in providing leadership to Australia’s high-performance sport.

The findings and strategies of the review have been implemented by the three groups within the AIS, and are reported on below along with other notable activities.
Sport Programs, Planning and Evaluation

The Sport Programs, Planning and Evaluation group is responsible for the implementation of the AIS Performance Enhancement Program across the 35 AIS sport programs. During the year, this group:

• developed comprehensive four-year and annual plans for 33 of the 35 AIS programs. All plans have been endorsed by the AIS and the relevant national sporting organisations. Thirty program reviews have been completed, assessing performance in the period 1 January 2002 to 30 June 2002 against the agreed performance targets and agreed service delivery levels.

• established new AIS programs in men’s water polo and rugby league. The water polo program is a full-time residential program in Canberra for pre-elite athletes between the ages of 16 and 19 years. The rugby league program, also a pre-elite development program, is a camps-based program focusing on athletes located in rural and regional Australia.

• endorsed the Australian Cricket Board review of the AIS/Commonwealth Bank Cricket Academy, which recommended changes to the structure of the Academy and the establishment of an Australian Cricket Board Centre of Excellence to take a leadership role for a broader range of elite cricket development functions. The proposed changes to the AIS/Commonwealth Bank Cricket Academy program have been implemented. Changes included an increase in the age and number of scholarship holders and a shorter residential period. There is a more coordinated approach with state programs including AIS scholarship holders playing domestic cricket with state teams rather than the AIS team. The AIS/Commonwealth Bank Cricket Academy will continue to conduct international competition tours.

• endorsed a proposal from Athletics Australia to support a program designed to target Australia’s elite endurance athletes and to create an internationally competitive environment. The AIS and Athletics Australia jointly funded the new position of AIS/National Distance Coach. The coach will be based at the NSW Institute of Sport and will be responsible for formulating and implementing the national high-performance plan for the development of distance running in Australia. The AIS will be providing 30 camps-based scholarships to those identified as Australia’s future elite distance athletes. The training camps will be designed and conducted at the AIS in Canberra. The AIS will also continue to provide residential scholarships to senior elite distance athletes in Canberra.

• coordinated a formal drugs education program for all AIS scholarship holders, delivered by Australian Sports Drug Agency staff and AIS medical practitioners.

• supported the AIS Athlete’s Commission, which addresses athlete issues and provides advice to AIS management.
Athlete and Coach Services

The Athlete and Coach Services group’s major responsibility is the delivery of integrated support services to AIS programs in the clinical and sports science areas, athlete career and education, and athlete welfare through the AIS residences program. These services were delivered as agreed in the Performance Enhancement Program planning process.

The AIS review recommended the prioritisation of service delivery to AIS sport programs based on the adoption of a tier system. Accordingly AIS sports have been categorised into two tiers. The underlying principle for determining the characteristics and criteria for each tier is that the role of the AIS is considered in part ‘to enhance the international sporting performances of Australia’s elite athletes’. Those programs with high levels of success in the international arena, and/or the greatest likelihood to achieve a successful result, are ranked higher than those that do not have the same success level. Some programs have been classified as tier 2 when individual athletes in those programs are clearly at the tier 1 performance level. In these cases, such athletes are classified as tier 1 for service provision. The categorisation of each AIS program is listed in Appendix 3.

The implementation of the recommendations of the AIS review meant that AIS staff were to provide services to national teams under negotiated commercial arrangements with national sporting organisations consistent with the adoption of the ASC policy on one-line funding of national sporting organisations. However, AIS staff will be able to take positions on the Australian Olympic, Paralympic and Commonwealth Games teams. The organisations involved will not be charged for the staff’s contribution. The provision of such services is regarded as part of the ASC’s contribution to the national effort.

Staff in the Athlete and Coach Services group were also involved in conducting research to identify best practice to support elite athlete development, and in other activities to provide innovations to the AIS and Australian elite sport network. A brief report on these activities is set out below.

Clinical services

- **Sports Medicine** — Research within the department in 2001–02 focused on the interpretation of blood test results in elite athletes and aspects of iron supplementation.
- **Strength and Conditioning** — The department took on a proactive coordination and quality-assurance role for all of the AIS sports located in the states. It also played a leadership role with state institutes and academies of sport personnel in the development of national protocols for testing and exercise prescription to provide consistency for elite athlete development in Australia.
- **Physical Therapy** (physiotherapy and soft tissues therapy — massage) — The department maintained its leadership role with substantial and progressive research programs focusing on studies in a range of sport-specific injuries.
- **Sports Psychology** — The department developed and implemented a number of applied research projects, a ‘critical incident’ protocol for AIS sport programs and the AIS Alcohol and Drug Awareness program. The innovative incorporation of skill acquisition continued.
Sports Science

- **Physiology** — Significant intellectual and physical resource input towards new and innovative research was provided through involvement in the Cooperative Research Centres for MicroTechnology. Work was supported by an ongoing commitment to education and research with 11 full-time PhD scholars. Areas of research focus included environmental physiology (altitude hypoxia), sleep physiology, and exercise and immune status.

- **Biomechanics** — The department established a cutting-edge reputation in the areas of technique, competition analysis, and feedback for the coach and athlete that assists with technique enhancement. Specialised biomechanical analysis systems were developed for a range of sports.

- **Nutrition** — The department hosted a ‘caffeine workshop’ in December 2001, focusing on topical aspects such as anti-doping, sports law, caffeine pharmacology and exercise physiology. Innovative techniques to support elite athletes were established, such as the development of the nutrition ‘recovery bar’ program for AIS sports.

- **Performance Analysis** — The Performance Analysis Unit was established in May 2002. The Unit provides innovation and support to coaches and athletes by identifying new advances in the information technology and audiovisual areas.

Athlete Career and Education

Staff provided a high-quality and innovative career and education service, study hall program, and ongoing education assistance to both residential and non-residential athletes. Services to non-Canberra-based residential athletes were delivered on behalf of the AIS through the state institute or academy sport networks.

- **Residences Welfare** — The AIS employed five live-in house parents and 15 athlete supervisors to ensure that athletes residing in the AIS Halls of Residence were provided a high standard of welfare services.

Technical Direction

The focus of the Technical Direction group is primarily related to the AIS review finding that it should continue to provide leadership for Australia’s high-performance sport. This is provided through the coordination of the national programs for the delivery of services in the areas of athlete and career education, elite sports research, talent search and laboratory standards assistance.

- **National Laboratory Standards Assistance Scheme** — The National Elite Sports Council supported national sporting organisations only using accredited laboratories for the testing of athletes within national programs (effective from 1 January 2003). A national physiology workshop was held, which agreed to include the discipline of Strength and Conditioning within the overall scheme framework.

- **National Talent Search** — During 2001–02, a review was undertaken re-affirming the national commitment to, and support for, the program. The state institute of sport/state academy of sport partners assessed 35,000 students, placing 250 athletes into 18 sports-specific programs.
Research and development was ongoing in the area of the mature-age talent transfer model, and the program expanded to six regional academies of sport in New South Wales.

- **National Elite Sports Research Program** — Supported by the Program, research at the AIS has changed from a rapid-response inhouse approach to a more strategic and collaborative approach with the various state institutes and academies of sport. The newly established Strategic Research Committee will ensure that research conducted at the AIS, and/or on behalf of the AIS, is not only of benefit to the preparation of Australia’s elite athletes, but is also of the highest scientific calibre.

- **National Athlete Career and Education** — This program provided advice and support to 25 national sporting organisations on the integration of athlete career and education into their high-performance plans. The links with international partners were strengthened through revised agreements and the implementation of a new quality-assurance framework for the delivery of the National Athlete Career and Education program.

- **Benchmarking** — This new initiative of the AIS to ensure world best practice involves benchmarking AIS sports psychology. The deliberations of the benchmarking process are expected to be made available to state institutes and academies of sport, and to national sporting organisations for their information, with two AIS activities to be benchmarked each year.

- **Seminars and workshops** — Seminars and workshops were held on difficult and contentious areas, including risk management for the clinician in sports medicine practice.

- **AIS and Cooperative Research Centres for MicroTechnology** — To keep Australian sports science at the world leading-edge, the AIS collaborated with the Cooperative Research Centres for MicroTechnology based in Melbourne and Brisbane. This collaboration aims to develop unique monitoring equipment that is essentially unobtrusive and can be used in training or in competition. This will be achieved by drawing on the knowledge and core competencies from the Cooperative Research Centres’ other projects that aim to develop a toolbox of micro and nano-scale techniques. Simultaneously, expertise from the AIS will focus on the acquisition and interpretation of data, and its meaningful presentation to both coaches and athletes. The project started in July 2001 and already prototype equipment for four sporting disciplines has been trialed, using micro-electromechanical devices with generic telemetry capability underpinning all of these. The Cooperative Research Centres have been a catalyst to an unprecedented level of multi-centre cooperation in Australian sports science.

**AIS Business Development**

Following the AIS review in 2001, a business development function was created in the AIS to enable it to contribute to the Government’s policy to increase the ASC’s off-budget revenue. Achievements in the first six months included:

- securing additional Cooperative Research Centres funds to be directed to the development of micro athlete-monitoring systems
• establishing AIS quadrennium agreements with 20 national sporting organisations
• forming industry and academic partnerships that offer the potential to contribute resources to ASC core business activities
• developing a policy platform designed to underpin commercial activities.

SPORTS EXCELLENCE PROGRAM

Under the Sports Excellence program, the ASC provides grants to national sporting organisations based on individual strategic plans with emphasis on high performance. In 2001–02, the former Olympic Athlete Program and the Sports Assistance Scheme were replaced by the Sports Excellence program. The Sports Excellence program is managed by the Sport Funding and Evaluation program.

The ASC adopted a whole-of-sport approach to the assessment, provision and review of grants, which included assessing the role of any AIS program within sports’ high-performance plans. While the Olympic Athlete Program was specifically focused on success at the 2000 Sydney Games, the Sports Excellence program takes a broader and longer-term view based on the strategic plan of each national sporting organisation. Drawing on the successful principles of the previous programs, the Sports Excellence program incorporates an integrated plan for the preparation of national teams in the Summer and Winter Olympic and Paraolympic Games, the Commonwealth Games and world championships.

In addition to managing the Sports Excellence program, the Sport Funding and Evaluation program coordinated a ‘case management’ approach to determine the range of services and assistance each national sporting organisation would be offered by the ASC.

In line with the Government’s Tough on Drugs in Sport Strategy, the group works with national sporting organisations to ensure that they comply with the strategy through the implementation of appropriate anti-doping policies and procedures.

HIGH PERFORMANCE

The High Performance program provided a range of services to enhance the high-performance programs of national sporting organisations:
• nineteen national sporting organisations received specific advice and support in the development or revision of their high-performance programs
• a further 13 sports were assisted by way of specific feedback and advice provided by the ASC’s sports consultants who were responsible for ongoing liaison with national sporting organisations
• three workshops were conducted with a total of 24 national sporting organisations to identify challenges and priorities to enhance high-performance outcomes and to share best practices among sports
• A sports science/sports medicine awareness campaign began in May 2002 to seek and share information about the most effective use of sports science/sports medicine services. Direct consultation occurred with 16 national sporting organisations. During the reporting period, plans were made for four group workshops for national sporting organisations to be held early in the new financial year, along with a final report and recommendations to be presented to the ASC Board.

Regular meetings were held with state institutes and academies of sport to encourage a more cooperative national approach. Two new programs were established in June 2002. One focuses on specific sports, with a series of advisory panels providing an opportunity for sports to receive advice from recognised world-class experts outside their own sport. The other focuses on specific issues and will investigate and document best practice approaches to high performance, then promote their wider application across Australian sport.

CONCLUSION

Australian elite athletes continued to perform outstandingly both in Australia and abroad. The restructure of the AIS ensured that through the integration and delivery of services to AIS programs, it remained at the forefront of developing successful high-performance athletes and coaches. In doing so, the ASC met its agreed outputs under outcome 2.
BUDGET

The Government appropriation to the ASC for the 2001–02 financial year was $124.4 million. In addition, the ASC generated in the order of $20.7 million in revenue from corporate sources such as sponsorship, hire of facilities and interest; from external sources such as government departments and agencies; and from national sporting organisations.

This year represented the first year of funding under the new sports policy, *Backing Australia’s Sporting Ability: A More Active Australia*, which complemented base funding above the level funded in the run-up to the Sydney Olympic Games.

The independent audit report and financial statements for the year ended 30 June 2002 are incorporated in Appendix 1. The disbursement of funds across the ASC is depicted in Figure 2.

Through its sports grants program, the ASC provides financial assistance to around 90 sports. Details of grant allocations to sports are included in Appendix 4.

*Figure 2: Disbursement of the budget across the ASC, 2001–2002*
PLANNING AND ACCOUNTABILITY FRAMEWORK

There was a significant shift during 2001–02 for the ASC with the introduction of the Government’s new sports policy, *Backing Australia’s Sporting Ability: A More Active Australia* and attendant increased funding levels. The year also marked the end of the ASC’s four-year strategic plan, which had been in effect since 1998.

The new *Strategic Plan 2002–2005* was developed to ensure that the ASC’s objectives were in keeping with the Government’s new sports policy. This included a re-alignment of the three outcomes. Previous outcome 1 (an effective national sports infrastructure) and outcome 2 (improved participation in sports activities by Australians) were combined into one outcome. The thrust of outcome 3 remained unchanged. The two new outcomes became:

- an effective national sports system that offers improved participation in quality sports activities by Australians
- excellence in sports performances by Australians.

The Minister for the Arts and Sport approved the new outcomes. The Minister for Finance and Administration, Senator the Hon Nick Minchin, subsequently endorsed the decision.

The operational plan for 2001–02 was formulated to reflect outcomes 1 and 2. The performance indicators, as identified in the Government’s Budget papers, were strengthened and modified accordingly. Measures of the ASC’s performance are based on these indicators. Reporting in this Annual Report is, therefore, based on the new outcomes.
INTERNAL AND EXTERNAL SCRUTINY

The Audit Committee, which is a subcommittee of the ASC Board, develops and delivers the ASC’s financial-management and accountability framework (for more information, see ‘The Board’ [page 14]). It helps the ASC fulfil its accountability responsibilities by reviewing audits conducted by the Australian National Audit Office and internal auditors (PricewaterhouseCoopers), and by monitoring the adequacy of the ASC’s administrative, operational and accounting controls.

There were five Audit Committee meetings during 2001–02, with attendance as follows:

During 2001–02, the committee considered the following reports from the Australian National Audit Office, which were specific to the ASC:

- the financial statements audit for 2000–01 (for which an unqualified appraisal was obtained)
- management of travel — use of taxis.

In addition, the committee was informed of the ASC’s actions against the recommendations of 16 across-agency Australian National Audit Office reports tabled in Parliament in 2001–02.
The committee reviewed the following internal audit reports:

- management improvement program
- payroll processing
- GST post implementation
- Laboratory Standards Assistance Scheme
- AIS shop
- Spotless facilities management
- Indigenous Sports program
- Disability Sports Unit
- athlete welfare.

The committee also considered the reports provided on the ASC’s progress in the following areas:

- sponsorship sales and servicing function
- monitoring Board performance
- fringe benefits tax on sporting events attended by Board members
- annual and long service leave accumulation
- cleaning and catering industry analysis
- the 2001–02 internal audit program.

APPENDIX 1 Financial report

INDEPENDENT AUDIT REPORT

To the Minister for Arts and Sports

Scope

I have audited the financial statements of the Australian Sports Commission for the year ended 30 June 2002. The financial statements comprise:

- Statement by Commissioners;
- Statements of Financial Performance, Financial Position and Cash Flows;
- Schedules of Commitments and Contingencies; and
- Notes to and forming part of the Financial Statements.

The Commissioners of the Australian Sports Commission are responsible for the preparation and presentation of the financial statements and the information they contain. I have conducted an independent audit of the financial statements in order to express an opinion on them to you.

The audit has been conducted in accordance with the Australian National Audit Office Auditing Standards, which incorporate the Australian Auditing Standards, to provide reasonable assurance as to whether the financial statements are free of material misstatement. Audit procedures included examination, on a test basis, of evidence supporting the amounts and other disclosures in the financial statements and the evaluation of accounting policies and significant accounting estimates. These procedures have been undertaken to form an opinion as to whether, in all material respects, the financial statements are presented fairly in accordance with Accounting Standards and other mandatory professional reporting requirements in Australia and statutory requirements so as to present a view which is consistent with my understanding of the Commission's financial position, its financial performance and its cash flows.

The audit opinion expressed in this report has been formed on the above basis.
Audit Opinion

In my opinion the financial statements:

(i) have been prepared in accordance with the Finance Minister’s Orders made under the Commonwealth Authorities and Companies Act 1997; and

(ii) give a true and fair view, in accordance with applicable Accounting Standards and other mandatory professional reporting requirements in Australia and the Finance Minister’s Orders, of the financial position of the Australian Sports Commission as at 30 June 2002, and its financial performance and cash flows for the year then ended.

Australian National Audit Office

G. T. Welsh
Executive Director
Delegate of the Auditor-General

**OPERATING ACTIVITIES**

Cash received
- Sales of goods and services
  - Government: 3,540, 728
  - Non-government: 13,881, 19,233
- Appropriations: 104,400, 91,912
- Interest: 1,595, 1,022
- GST received from ATO: 8,513, 6,029

Total cash received: 151,862, 124,634

Cash used
- Grants: (63,024), (29,965)
- Employees: (25,982), (25,621)
- Suppliers: (34,714), (34,040)
- GST paid to ATO: (5,027), (1,287)
- Borrowing costs: - (65)

Total cash used: (125,827), (101,628)

Net cash from operating activities: 26,035, 23,006

**INVESTING ACTIVITIES**

Cash received
- Proceeds from sales of property, plant and equipment: 1,043, 1,163
- Proceeds from loans: -

Total cash received: 1,043, 1,163

Cash used
- Purchase of property, plant and equipment: (5,182), (4,823)
- Loans made: - (1,241)

Total cash used: (5,182), (6,064)

Net cash from investing activities: (4,103), (4,891)

**FINANCING ACTIVITIES**

Cash received
- Proceeds from loans: -

Total cash received: -

Cash used
- Capital used charged paid: (11,822), (12,897)

Total cash used: (11,822), (12,897)

Net cash used by financing activities: (11,822), (12,897)

Net increase / (decrease) in cash held: 10,310, 5,228

Cash at the beginning of the reporting period: 11,996, 6,707

Cash at the end of the reporting period: 22,356, 11,995

The above statement should be read in conjunction with the accompanying notes.

AUSTRALIAN SPORTS COMMISSION

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2002

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1.1 Basis of Accounting

The financial statements are required by clause 1(o) of Schedule 1 to the Commonwealth Authorities and Companies Act 1997 and are a general purpose financial report.

The statements have been prepared in accordance with:
- Finance Minister’s Orders (being the Commonwealth Authorities and Companies (Financial Statements 2001 – 2002) Order);
- Australian Accounting Standards and Accounting Interpretations issued by Australian Accounting Standards Board;
- other authoritative pronouncements of the Boards; and
- the Consensus Views of the Urgent Issue Group.

The statements have been prepared having regard to:
- the Explanatory Notes to Schedule 1 issued by the Department of Finance and Administration; and
- Finance Briefs issued by the Department of Finance and Administration.

The financial statements have been prepared on an accrual basis and are in accordance with historical cost convention, except for certain assets which, as noted, are at valuation. Except where stated, no allowance is made for the effect of changing prices on the results or the financial position of the Commission.

Assets and liabilities are recognised in the Statement of Financial Position when and only when it is probable that future economic benefits will flow and the amounts of the assets or liabilities can be reliably measured. Assets and liabilities arising under agreements equally proportionately unperformed are however not recognised unless required by an Accounting Standard. Liabilities and assets which are unrecognised are reported in the Schedule of Commitments and the Schedule of Contingencies.

Revenues and expenses are recognised in the Commission’s Statement of Financial Performance when and only when the flow or consumption of the economic benefits has occurred and can be reliably measured.

1.2 Changes in Accounting Policy

The accounting policies used in the preparation of these financial statements are consistent with those used in 2001-02, except for:
- input appropriations (refer to Note 1.5); and
- a change in the basis of valuation of software. The carrying amount at 30 June 2002 is now deemed to be at cost as per AASB 104118 7(b).

1.3 Rounding

Amounts have been rounded to the nearest $1,000 except in relation to the following:
- remuneration of commissions;
- remuneration of officers (other than commissioners); and
- remuneration of auditors.
1.4 Reporting by Outcomes

A comparison of budget and actual figures by outcome specified in the Appropriation Acts relevant to the Commission is presented in Note 3. Any inter-government costs included in the figure "Net Cost to Budget Outcome" are eliminated in calculating the actual budget outcome for the Government overall.

1.5 Revenue

The revenues described in this Note are revenues relating to the core operating activities of the Commission.

Revenue from the sale of goods is recognised upon the delivery of goods to customers.

Interest revenue is recognised on a proportional basis taking into account the interest rate applicable to the financial assets.

Revenue from disposal of non-current assets is recognised when control of the asset has passed to the buyer.

Revenue from the rendering of a service is recognised by reference to the stage of completion of contracts or other agreements to provide services to Commonwealth bodies. The stage of completion is determined according to the proportion that costs incurred to date bear to the estimated total costs of the transaction.

Revenues from Government - Output Appropriations

The full amount of the appropriation for outputs for the year is recognised as revenue. In 2000-01, output appropriations were recognised as revenue to the extent that appropriations had been drawn down from the Official Public Account.

The change in policy has no financial effect in 2001-02 as the full amount of the output appropriation for 2000-01 had been drawn down in that year.

Resources Received Free of Charge

Services received free of charge are recognised as revenue when and only when a fair value can be reliably determined and the services would have been purchased if they had not been donated. Use of those resources is recognised as an expense.

Contributions of assets at no cost of acquisition or for nominal consideration are recognised at their fair value when the asset qualifies for recognition.

1.6 Grants

The Commission recognises grant liabilities as follows:

Most grant agreements require the grantee to perform services or provide facilities, or to meet eligibility criteria. In these cases, liabilities are recognised only to the extent that the services required have been performed or the eligibility criteria have been satisfied by the grantee. (Where grant monies are paid in advance of performance or eligibility, a prepayment is recognised.)

In cases where grant agreements are made without conditions to be met, liabilities are recognised on signing of the agreement.

1.7 Borrowing Costs

All borrowing costs are expensed as incurred except to the extent that they are directly attributable to qualifying assets, in which case they are capitalised. The amount capitalised in a reporting period does not exceed the amounts of costs incurred in that period.
1.8 Acquisition of Assets

Assets are recorded at cost on acquisition except as stated below. The cost of acquisition includes the fair value of assets transferred in exchange and liabilities undertaken.

Assets acquired at no cost, or for nominal consideration, are initially recognised as assets and revenues at their fair value at the date of acquisition, except where they are acquired as part of a transfer of functions from another Government entity, in which case they are recognised as contributed equity at the carrying amounts on the books of the transferor.

1.9 Property (Land, Buildings and Infrastructure), Plant and Equipment

Asset recognition threshold

Purchases of property, plant and equipment are recognised initially at cost in the Statement of Financial Position, except for purchases costing less than $3,000, which are expensed in the year of acquisition (other than where they form part of a set of similar items which are significant in total).

Revaluations

Land, buildings, infrastructure, plant and equipment are revalued progressively in accordance with the 'dual-valued' method of valuation in consecutive 3-year cycles, so that each asset has a value greater than three years old.

The Commission revalued land, land improvements and buildings at 31 December 2001. The valuations were performed by an independent valuer (Australian Valuation Office). Leasehold improvements were also valued at 31 December 2001. The valuation was performed by management. Both valuations were done using the 'depletive' methodology.

Plant and equipment assets were revalued as at 30 June 2002 by the Australian Valuation Office using the depletive method of valuation.

In accordance with the depletive methodology, land is measured at its current market buying price. Property (other than land), plant and equipment are measured at their depreciated replacement cost. Where assets are held which would not be replaced or are surplus to requirements, measurement is at net realisable value. At 30 June 2002 the Commission had 3 assets in this situation.

Assets in each class acquired after the commencement of a progressive revaluation cycle are not captured by the progressive revaluation then in progress.

Recoverable amount test

Schedule 1 requires the application of the recoverable amount test to the Commission’s non-current assets in accordance with AAS 10 Recoverable Amount of Non-Current Assets. The carrying amounts of these non-current assets have been reviewed to determine whether they are in excess of their recoverable amounts. In assessing recoverable amounts, the relevant cash flows have been discounted to their present value.

Depreciation and amortisation

Depreciable property, plant and equipment assets are written-off to their estimated residual values over their estimated useful lives to the Commission using, in all cases, the straight line method of depreciation. Leasehold improvements are amortised on a straight-line basis over the lesser of the estimated useful life of the improvements or the unexpired period of the lease.

Depreciation/amortisation rates (useful lives) and methods are reviewed at each balance date and necessary adjustments are recognised in the current, or current and future reporting periods, as appropriate. Residual values are re-estimated for the change in prices only when assets are revalued.
Depreciation/amortisation rates applying to each class of depreciable asset are based on the following useful lives to the Commission:

<table>
<thead>
<tr>
<th>Asset Type</th>
<th>2002</th>
<th>2001</th>
</tr>
</thead>
<tbody>
<tr>
<td>Land improvements</td>
<td>20-40</td>
<td>2-50</td>
</tr>
<tr>
<td>Buildings</td>
<td>7-15</td>
<td>5-15</td>
</tr>
<tr>
<td>Leasehold Improvements</td>
<td>5-10</td>
<td>5-25</td>
</tr>
<tr>
<td>Infrastructure, fittings, plant and equipment</td>
<td>4-25</td>
<td>2-10</td>
</tr>
<tr>
<td>Computer hardware</td>
<td>4-15</td>
<td>2-4</td>
</tr>
<tr>
<td>Marine fleet</td>
<td>2-20</td>
<td>2-4</td>
</tr>
<tr>
<td>Motor vehicles</td>
<td>2-10</td>
<td>2-3</td>
</tr>
</tbody>
</table>

The aggregate amount of depreciation allocated for each class of asset during the reporting period is disclosed in Note 7C.

1.10 Intangibles

The Commission’s intangibles comprise both internally generated and purchased software. The asset is carried at cost. The carrying amount of each non-current intangible asset is reviewed to determine whether it is in excess of the asset’s recoverable amount. If an excess exists as at the reporting date, the asset is written down to its recoverable amount immediately. In assessing recoverable amounts, the relevant cash flows, including the expected cash flows from future appropriations by the Parliament, have been discounted to their present value. No write-down to recoverable amount has been made in 2001-02.

The carrying amount at 30 June 2002 is deemed to be at cost as per AASB 101 (8.7)(a).

Intangible assets are amortised on a straight-line basis over their anticipated useful lives. Useful lives are:

- Software
  - 2002: 5-15
  - 2001: 1-10

1.11 Cash

Cash includes notes and coin held and any deposits held at call with a bank or financial institution.

1.12 Financial Instruments

Accounting policies for financial instruments are stated in Note 19.

1.13 Bad and Doubtful Debts

A provision is valued for any doubtful debts based on a review of all outstanding amounts at year end. Bad debts are written-off in the period in which they are identified.

1.14 Employee Entitlements

Leave

The liability for employee entitlements includes, provision for annual leave and long service leave. No provision has been made for sick leave as all sick leave is non-vesting and the average sick leave taken in future years by employees of the Commission is estimated to be less than the annual entitlement for sick leave.

The liability for annual leave reflects the value of the total annual leave entitlements of all employees at 30 June 2002 and is recognised at its nominal amount.

The non-current portion of the liability for long service leave is recognised and measured at the present value of the estimated future cash flows to be made in respect of all employees at 30 June 2002. In determining the present value of the liability, attrition rates and pay increases through promotion and inflation have been taken into account.
Separation and redundancy

Provision is also made for separation and redundancy payments in cases where positions have been formally identified as excess to requirements, the existence of an excess has been publicly communicated, and a reliable estimate of the amount payable can be determined.

Superannuation

Employees contribute to the Commonwealth Superannuation Scheme and the Public Sector Superannuation Scheme. Employer contributions amounting to $1,559,810 (2000-01 - $1,889,665) for the Commission in relation to these schemes have been expensed in these financial statements.

No liability for superannuation benefits is recognised as at 30 June as the employer contributions fully extinguish the accruing liability which is assumed by the Commonwealth.

1.15 Taxation

The Commission is exempt from all forms of taxation except fringe benefits tax and the goods and services tax.

1.16 Capital Expenditure Change

A capital usage charge of 11% (2001: 12%) is imposed by the Government on the net assets of the Commission. The charge is adjusted to take account of asset gifts and revaluation increments during the financial year.

1.17 Inventories

Inventories are valued at the lower of cost or net realisable value. Inventories not held for resale are valued at cost, unless they are no longer required, in which case they are valued at net realisable value.

1.18 Foreign Currency

Transactions denominated in a foreign currency are converted at the rate of exchange prevailing at the date of the transaction. Foreign currency receivables and payables are translated at the exchange rates current at the balance date. Associated currency gains and losses are not material.

1.19 Comparative Figures

Comparative figures have been adjusted to conform to changes in presentation in these financial statements where required.

1.20 Insurance

The Commission has insured for risks through the Government’s Insurable Risk Managed Fund. Moreover, Worker’s Compensation is insured through Comcare Australia.

2. ECONOMIC DEPENDENCY

The Commission was established by the Australian Sports Commission Act 1989 and is controlled by the Commonwealth of Australia. The Commission is dependent on appropriations from the Parliament of the Commonwealth for its continued existence and ability to carry out its normal activities.
3. REPORTING OF OUTCOMES

3A. Outcomes of the Australian Sports Commission

The Commission is structured to meet two outcomes:

Outcome 1: an effective national sports system that offers improved participation in quality sports activities by Australians.
Outcome 2: excellence in sports performances by Australians.

Only one Output Group is identified for each Outcome.

3B. Total Cost/Contribution of Outcomes

The Commission contributes to the Commonwealth Superannuation (CSS) and the Public Sector Superannuation (PSS) schemes which provide retirement, death and disability benefits to employees.

Contributions to the schemes are at rates calculated to cover existing and emerging obligations.

Current contribution rates are 18.5% of salary (CSS) and 10.1% of salary (PSS). An additional average 3% is contributed as Employee Productivity Superannuation Contributions.

13. COMMISSIONERS AND COMMISSIONERS’ REMUNERATION

The following were members of the Commission during 2001-02

Mr P Bartles (Chairman)
Mr R J Meader (Appointed 25/11/98)
Mr R Higgins (Appointed 1/11/97 - term ceased 7/12/01)
Ms K A Pault (Appointed 1/11/97)
Ms H Williams (Appointed 7/12/01)
Ms M Foster (Appointed 25/11/98)
Mr P Jones (Appointed 25/11/98)
Ms P Tyas (Appointed 1/11/00)
Ms M Pord-Eriksson (Appointed 1/11/00)
Mr K Perkins (Appointed 1/11/00)
Mr C Porter (Appointed 1/11/00)
Ms C Barnard (Appointed 1/11/00)

Total remuneration paid or payable to the Commissioners during 2001-02 was $172,363 ($166,467 in 2000-01). The number of Commissioners included in these figures are shown below in the relevant remuneration bands:

<table>
<thead>
<tr>

18. TRUST FUNDS

The Commission operates the following trust funds:
The AIS Development Trust
The Gary Knocks Memorial Scholarship Trust
 aos Trusts
Australian College of Sport Education Trust

Monies received under these trusts are placed into a special bank account and expended in accordance with the terms of the trusts. These monies are not available for the purpose of the Commission and are not recognised in the financial statements other than by note disclosure.

AIS DEVELOPMENT TRUST

The AIS Development Trust was established principally to promote research in the field of sport science and to provide benefits to athletes to assist them to further their educational, vocational and sporting skills.

PROMOTERS TRUST

The Commission operates a Promoters Trust account into which it deposits moneys received in the course of conducting events at the Commission. These moneys are held until such time as the events are completed and all costs associated with the events have been realised. The remaining funds are then apportioned between the Promoter and the Commission in accordance with the terms of each agreement.

</tbody>
</table>

(c) Fair Values of Financial Assets and Liabilities

The net fair value of all financial assets and liabilities of the Commission approximate their carrying value. Financial assets and liabilities are disclosed in the Statement of Financial Position and the related notes.

(d) Credit risk exposures

The Commission’s maximum exposure to credit risk at reporting date in relation to each class of recognised financial assets is the carrying amount of those assets as indicated in the Statement of Financial Position.

The Commission does not have significant exposures to any concentrations of credit risk.
INDEPENDENT AUDIT REPORT

To the members of Australian Sports Foundation Limited

Scope

I have audited the financial report of the Australian Sports Foundation Limited for the financial year ended 30 June 2002. The financial report comprises:

- Directors' Declaration;
- Statements of Financial Performance, Financial Position and Cash Flows; and
- Notes to and forming part of the Financial Statements.

The directors of the Australian Sports Foundation Limited are responsible for the financial report. I have conducted an independent audit of the financial report in order to express an opinion on it to the members of the Australian Sports Foundation Limited.

The audit has been conducted in accordance with the Australian National Audit Office Auditing Standards, which incorporate the Australian Auditing Standards, to provide reasonable assurance whether the financial report is free of material misstatement. Audit procedures included examination, on a test basis, of evidence supporting the amounts and other disclosures in the financial report and the evaluation of accounting policies and significant accounting estimates. These procedures have been undertaken to form an opinion whether, in all material respects, the financial report is presented fairly in accordance with Accounting Standards and other mandatory professional reporting requirements in Australia and statutory requirements so as to present a view which is consistent with my understanding of the Company's financial position, and performance as represented by the results of its operations and its cash flows.

The audit opinion expressed in this report has been formed on the above basis.
Audit Opinion

In my opinion, the financial report of the Australian Sports Foundation Limited is in accordance with:

(a) the Corporations Act 2001, including:

(i) giving a true and fair view of the financial position of the Australian Sports Foundation Limited as at 30 June 2002 and of its performance for the year ended on that date; and

(ii) complying with Accounting Standards in Australia and the Corporations Regulations 2001; and

(b) other mandatory professional reporting requirements in Australia.

Directors Report

The directors present their report together with the financial report of the Australian Sports Foundation
("the Foundation") for the year ended 30 June 2002 and the auditors report thereon.

Directors

The directors of the Foundation at any time during or since the end of the financial year are:

Name and qualifications Age Experience and special responsibilities

Ms Cheryl Bart
B.Comm./LLB, FAICD

Cheryl is a lawyer and Chairman of the Australian Sports Foundation
Ltd (retired 31 July 2001). She holds a number of directorships
including the Alcohol Education and Rehabilitation Foundation,
Sydney Ports Corporation, ETA Utilities and EOS Ltd. Cheryl is
also the Executive Chairman of Shaw of Australia and holds
directorships with a number of private companies including Shenton
Apparel Ltd (NZ), Ap Unicorn and is the Chairman of Strategic
Partners

Retired 31 July 2001

Mr Peter Bartels
(Chairman) FAIM, FRS

61 Peter was formerly a chief executive officer and managing director of
a number of leading public companies. He is currently a director of
the Melbourne Business School and chairman of the Central City
Studies Pty Ltd.

In March this year, Peter was appointed as chairman of the CHOGM
Committee for Cooperation through Sport and is a director of the
Australian Grand Prix Corporation and of Melbourne 2006
Commonwealth Games Pty Ltd.

His interests extend to the wider community, where he is chairman of
the Women’s and Children’s Health and a director of the Royal
Children’s Hospital Foundation and of the Murdoch Children’s
Research Institute.

Peter was an Australian cycling champion from 1957 until 1962 and
a Commonwealth Games cycling gold medallist in 1962.

Appointed 31 July 2001
Retired 15 May 2002

Mr Cory Bernardi
(Chairman)

32 Cory is an equity portfolio advisor for a major Australian financial
planning and investment firm. Cory was an AIS scholarship holder in
rowing and went on to become an Australian representative in the
coxed four at the 1989 World Championships and other
international regattas. He continues to row for recreation.

He attended all of the Board meetings during the past year and
served as a member of the Audit Committee and sub-committees to
review the Sponsorship Sales and Servicing contract, the IT
Equipment Tender and the Indigenous Sport Program for the
Australian Sports Commission.

Appointed 31 July 2001
Appointed Chairman 16 May 2002

Currently he participates in golf and tennis at an A grade level as well as an involvement in many other sporting activities with his children.

Retired 31 July 2001

Kenneth Madsen MBE B.Com MCFA FAIBF FAMI | 62 | Ken is a retired banker with 43 years of business and management experience with the Commonwealth Bank. Ken is currently Deputy Chairman of the Board of Australian Basketball Federation Inc. (Chairman, sole member) National Basketball League Tribunal, and Vice-President of the World Legal Commission of the International Basketball Federation. He is also an independent director of OBCT Holdings Pty Ltd whose principal activity is a corporate vehicle through which the Queensland Government owns and leases the assets comprising the Dalbyple Bay Coal Terminal. Ken was created a member of the Order of the British Empire in 1986 for services to basketball.

Retired 31 July 2001
Name and qualifications  Age  Experience and special responsibilities

Mr Roy J Masters BA, M Litt, Dip Ed  60  Following earlier careers as a schoolteacher and the coach of a leading rugby league team, Roy is now a journalist with a major national newspaper and a regular presenter on the Sportsworld television program. He pioneered the AUSSIE SPORT program, which introduced modified versions of sport for children, and is currently the longest serving ASC Board member.

Appointed 31 July 2001
Retired 8 May 2002

C A McDiven Dip. Teaching  52  Chris is a qualified primary school teacher with experience teaching infants and physical education and was the owner/operator of a small business. She is currently a Company Director of Leon Holding Pty Ltd. Chris has had extensive fundraising experience serving on various committees which include chairing the Powerhouse Museum Fundraising Committee for 5 years and the Kambala School Building Appeal.

Chris’ other current Board positions are the Council of the Kambala Church of England School for Girls, Liberal Party of Australia (Vice President NSW Division). She was formerly the Deputy Chairman of the Keep Australia Beautiful Council (NSW). Chris has had personal experience in a wide range of competitive sporting activities as a participant, coach, fund raiser and parent and now is a regular gym attender, keen skier and competitive golfer.

Retired 31 July 2001

Mr Charles 'Chilla' Porter  66  Chilla has a strong affiliation with track and field and is currently the Chief Executive Officer of the Western Australian (WA) Athletics Commission. He has previously been a board member and chairman of the WA Institute of Sport. Chilla was a silver medallist in the men’s high jump at the 1958 Melbourne Olympic Games and competed in the 1960 Games in Rome. He was a silver medallist in high jump at both the 1958 and 1962 Commonwealth Games.

Appointed 31 July 2001

Ms Karin Puels LLB, B Comm, FAICD  37  Karin has had extensive involvement with the development, sponsorship and promotion of sport in Australia through her role as Chief Executive Officer of the South Australian Health Promotion Foundation and her ongoing support for individual athletes. She has expertise in the promotion of international concerts and events.

Karin has extensive financial expertise and her experience encompasses both public sector administration and private sector capital raising and business development. A lawyer by profession, Karin is a board member of the Australia Indonesia Institute.

She has chaired the Australian Sports Commission Audit Committee since November 1998 and served on ASC sub-committees to review the Sponsorship Sales and Servicing Contract and the IT Equipment Tender during the past year.

AUSTRALIAN SPORTS FOUNDATION LIMITED
(A Company Limited by Guarantee)
A.C.N. 008 613 838

Name and qualifications

Ms Pamela Tye OAM
Grad Dip ECE, Grad Dip Admin

Age Experience and special responsibilities

64
Pamela had a long association with the Australian Women’s Hockey Association before her appointment as the inaugural President of Hockey Australia, the amalgamated body representing men’s and women’s hockey. She is also a Vice-President and member of the executive board of the Federation of International Hockey (FIH).

Pamela was the recipient of the FIH Award of Merit 2001. She was a director of the board of the Sydney Paralympic Games and a member of the Sydney Youth Olympic Festival Committee. Pamela has been a member of the State Sport Centre Trust in Sydney since 1984.

Appointed 31 July 2001

Mr Kieren Perkins OAM

28
Kieren went to his first international swimming meet at the 1990 Auckland Commonwealth Games as a 16-year-old. He was the first swimmer in history to hold Olympic, World and Commonwealth titles simultaneously and has been the recipient of numerous prestigious awards within the sporting fraternity. Often rated as the greatest male swimmer in Australian Olympic history, he is fondly remembered by most Australians for his gold medal performance in the 1500 metres at the 1996 Atlanta Olympic Games. He was a member of the successful 1983 Australian Olympic Committee Sydney Olympic presentation bid in Monaco and was appointed to the Board of Australian Swimming Inc. in December 2001 in his capacity as Chairman of the ASI Swimmers Commission. Kieren is also a Board member on the Starlight Children’s Foundation.

Appointed 31 July 2001
Retired 8 May 2002

A - Number of meetings attended
B - Number of meetings held during the time the director held office during the year

In March 2002 a decision was made to reduce the size of the board. While waiting for Ministerial approval and consistent with the intent of reducing the size of the Board attendance was limited to
AUSTRALIAN SPORTS FOUNDATION LIMITED
(A Company Limited by Guarantee)
A.C.N. 008 613 858

maintaining a quorum at all meetings R Higgins has only attended one of the six meetings held during the financial year due to family illness. A leave of absence had been granted by the board.

Principal activities

The principal activity of the Foundation during the course of the financial year was to enhance the quality of life of all Australians through the development of sport. Specifically the ASF increased opportunities for Australians to participate in sport activities and excel in sports performance. To achieve this the Foundation receives donations from the public and makes grants to registered sporting bodies. With the administration being subsidised by the Australian Sports Commission.

Enabling legislation, objectives and functions inherent in that legislation

The Foundation’s enabling legislation is the Australian Sports Commission Act 1989. The objectives and functions of the Foundation inherent in the Act are that:

- The purpose of the company is to raise money for the development of sport in Australia
- Except to the extent necessary for the performance of its functions in relation to the Commission, the company is not empowered to do anything that the Commission is not empowered to do.

Organisational structure

The Foundation operated in Sydney until 31 July 2001 with six positions, those being the Chief Executive Officer, Marketing Manager, Accounts and Administration Manager, Client Services Manager, Client Services Staff, Project Officer and casual staff. From 1 August 2001, the Foundation operated from Canberra with four staff, those being the Manager, Finance Manager and Company Secretary, Client Services Coordinator, Client Services Officer and casual staff.

Location of major activities and facilities

The Foundation assists sporting and community non-profit organisations throughout Australia and operates from an office located in Canberra.

Factors, events or trends influencing performance

The Foundation’s administrative and operational support is provided by the Australian Sports Commission in order to maximise its capacity to support the development of sport in Australia.

Risks and opportunities in future years.

The reintegration within the Australian Sports Commission’s administration enabled the cost of administration to the Foundation to be reduced and hence enable a greater return to sport in the form of discretionary grants. A focus on marketing and promotion to relevant stakeholders significantly increased project activity. Business activity is expected to continue to trend upwards as marketing initiatives take effect. Rural and regional Australia is a marketing target and the effect of entering a Commonwealth Games and pre-Olympic cycle is also expected to create further business opportunities.

State of Affairs

Significant changes in the state of affairs of the Foundation during the financial year were as follows:

The Foundation implemented a range of marketing and support activities to increase its client base. From 1 August 2001, the Australian Sports Foundation was re-integrated within the administrative structure of the Australian Sports Commission. The Minister for Sport and the Arts approved a reduction in the size of the Board from eleven (11) to five (5) Directors in May 2002, and appointed a new Chairman.

Review and results of operations

Turnover in the form of donations received and discretionary grants issued increased significantly from the previous year. The net operating deficit for the year ended 30 June 2002 was $1,307,707 of which $1,305,707 was transferred from reserves (an operating deficit of $1,194,497 was made in the year
AUSTRALIAN SPORTS FOUNDATION LIMITED
(A Company Limited by Guarantee)
A.C.N. 008 613 858

ended 30 June 2001). The significant variation in the operating results are due to the time delay between donations being received and grants being issued.

The company is exempt from income tax but is liable for Fringe Benefits Tax and Goods and Services Tax.

Dividends

No dividends are paid as the company has no shareholders.

Significant developments since the end of the financial year

There have been no significant developments since the end of the financial year.

Directors, the Audit and Remuneration Committees

All the Directors are members of the Audit Committee. The Federal Minister for Sport and Tourism is responsible for appointing the Board of Directors.

Indemnities and Insurance Premiums for Officers

The Australian Sports Commission maintains Directors and Officers Liability and Civil Liability Professional indemnity insurance policies for Directors of the Foundation.

The Australian Sports Foundation has agreed to indemnify retiring directors of the foundation C S Bart, E E Compton, J R Clark, K J Madsen, C A McIlven, D H McKenzie to the maximum extent permitted by law against any liability (whether actual, contingent or prospective) incurred by the Director as a director of the Foundation.

The foundation indemnifies the retiring directors to the maximum extent permitted by law, against legal costs reasonably incurred in defending an action for a liability incurred as a director of the foundation, unless the costs are incurred by the director in defending or resisting proceedings brought against the Director by the foundation.

Each indemnity is a continuing obligation, separate and independent from the other obligations of the parties.

If the retiring director becomes liable to pay any amount for which the Director is entitled to be indemnified, the Foundation must pay that amount at the direction of the Director within 30 days of the date on which the Director provides evidence satisfactory to the Foundation that the director is liable to pay that amount and is entitled to be indemnified.

Directors benefits

Since the end of the previous financial year, no Director has received or become entitled to receive a benefit (other than a benefit included in the aggregate amount of emoluments received or due and receivable by Directors) by reason of the contract made by the company or a related corporation with the Director or with a firm of which he or she is a member, or with a company in which he or she has a substantial financial interest. Directors fees ceased to be payable from 1 August 2001.

Notes to the financial statements
For the year ended 30 June 2002

1. Statement of significant accounting policies

1.1 Basis of preparation

The financial report is a general purpose financial report which has been prepared in accordance with Accounting Standards, Urgent Issues Group Consensus Views and other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001

It has been prepared on the basis of historical cost and except where stated does not take into account money values or fair value of non-current assets. These accounting policies have been consistently applied and are consistent with those of the previous year.

1.2 Reclassification of financial information

Changes were made in both the comparatives for Revenue from ordinary operations and Suppliers expenses to disclose the material amount for the reimbursement of merchant fees. Revenue for 30 June 2000 of $3,823,043 was increased by $13,231 to $3,837,174 with Suppliers expenses increasing from $206,546 to $219,777.

1.3 Income Tax

The Australian Sports Foundation Limited is a non profit organisation and as such is exempt from income tax under section 23 of the Income Tax Assessment Act and sub section 51(1) of the Australian Sports Commission Act 1989. Except for fringe benefits tax and goods and services tax, (GST)

1.4 Revenue recognition

Revenues are recognized at fair value of the consideration received net of the amount of GST payable to the taxation authority. Exchanges of goods and services of the same nature and value without any cash consideration are not recognized as assets.

Administrative services provided free of charge

At the direction of the Government, the Australian Sports Commission provides financial support for the administration of the Australian Sports Foundation by way of staff, administration expenses and accommodation. These services are recognized as revenue when and only when a fair value can be reliably determined and the services would have been purchased if they had not been donated.

Administration revenue

On 24 April 2001, the Government announced its intention to relocate the Australian Sports Foundation to Canberra. On 1 August 2001 the Foundation relocated its offices to the Australian Sports Commission, Bruce ACT. Previously imposed administration charges were discontinued.

Interest revenue

Interest revenue is recognized as it accrues taking into account the effective yield on the financial asset.

Donations and grants revenue

Donations and grants are recognized in the year they are received only after criteria set out by the Australian Sports Foundation have been met. Others are treated as unclaimed donations.
AUSTRALIAN SPORTS FOUNDATION LIMITED
(A Company Limited by Guarantee)
A.C.N. 008 613 858

Sale of non-current assets

The gross proceeds of non-current assets sales are included as revenue at the date control of the asset passes to the buyer. The gain or loss on disposal is calculated as the difference between the carrying amount at the time of disposal and the net proceeds on disposal.

1.5 Goods and services tax

Revenues, expenses and assets are recognized net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the taxation authority. In these circumstances, the GST is recognized as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the ATO is included as a current asset or liability in the statement of financial position.

Cash flows are included in the statement of cash flows on a gross basis. The GST components of cash flow arising from investing and financing activities which are recoverable from, or payable to, the ATO are classified as operating cash flows.

1.6 Cash

Cash is carried at face value of the amounts deposited or drawn.

1.7 Acquisition of Assets

All assets acquired including property, plant and equipment are initially recorded at their cost of acquisition, being the fair value of the consideration provided plus incidental costs directly attributable to the acquisition. All non-financial assets were sold when the Foundation relocated to Canberra.

1.8 Depreciation and Amortisation – Note 3

Useful lives

All assets have limited useful lives and are depreciated/amortised using the straight line method over their useful lives. Assets are depreciated/amortised from the date of acquisition.

Depreciation and amortisation rates and methods are reviewed annually for appropriateness and are expensed.

The depreciation/amortisation rates or useful lives of each class of asset are as follows:

<table>

</tbody>
</table>

1.9 Employee entitlements – Note 14

Wages, salaries, annual leave and sick leave

Liabilities for employee entitlements to wages, salaries annual leave and sick leave represent present obligations resulting from employees’ services provided up to the reporting date, calculated at undiscounted amounts based on current wage and salary rates including related costs.
AUSTRALIAN SPORTS FOUNDATION LIMITED  
(A Company Limited by Guarantee)  
A.C.N. 006 513 859

Long service leave
No provision has been made for long service leave as all employees have served the foundation for less than three years.

1.10 Receivables – Note 5
The collectibility of debts is assessed at balance date and specific provision is made for any doubtful accounts.

1.11 Payable – Note 8
Liabilities are recognized for amounts to be paid in the future for goods and services received.

1.12 Provisions – Note 9
A provision is recognized when a legal or constructive obligation exists as a result of a past event and it is probable that an outflow of economic benefits will be required to settle the obligation.

1.13 Grants
The Foundation makes grant payments to sporting and community non-profit organisations to facilitate the development of sport in Australia. They are made at the discretion of the Board of Directors and only after criteria set out in the Australian Sports Foundation guidelines have been met.

1.14 Change in accounting policy
In prior years the Foundation booked unearned donations to reserves. This practice was discontinued during the year. These donations are now treated as donations unearned.

</tbody>
</table>

Donations revenue not allocated to grants is kept in reserve for future grants. The administrative operations of the foundation were funded from Administration Revenue. Other Revenue and the receipt of $50,000 from the Australian Sports Commission to cover the costs of relocating to Canberra.
AUSTRALIAN SPORTS FOUNDATION LIMITED
(A Company Limited by Guarantee)
A.C.N. 008 013 858

From 1 August 2001 the foundations operations were funded by the Australian Sports Commission. From year to year there are significant variations in the operating result due to time delay between donations being received and grants issued.

13. Notes to the statement of cash flows
(a) Reconciliation of cash
For the purposes of the statements of cash flows, cash includes
cash on hand and at bank. Cash as at the end of financial year as
shown in statements of cash flows is reconciled to the
related items in the statement of financial position.
| Cash assets       | $2,642,909 | $1,587,388 |

(b) reconciliation of profit from ordinary activities
to net cash provided by operating activities
| Profit from ordinary activities | (1,360,899) | (1,184,417) |
| Add/(loss) items classified as investing activities | 11,067 | 3,747 |
| (Profit)/loss on sale of non-current assets | 509 | 8,515 |
| Net cash provided by operating activities before change in assets and liabilities | 1,044,383 | (1,304,570) |

14. Employee entitlements
Aggregate liability for employee entitlements
including on-costs
| Current | 70,019 |

Number of employees at year end
| 4 | 6 |

The Australian Sports Commission had provided 4 employees to assist in the administration
of the foundation as at 30 June 2002

15. Directors remuneration
The number of directors of the foundation whose income from the Foundation or any related
party falls within the following bands:
| $0 to $20,000 | 5 | 5 |
| $20,000 - $30,000 | - | 1 |
| $30,000 - $50,000 | - | - |
| $50,000 - $100,000 | 5 | 6 |

Total income paid or payable, or otherwise made
available to all directors of the Foundation or
related party
| 7,947 | 92,869 |
16. Members funds

The Foundation is incorporated under the Corporations Act, 2001 and is a public company limited by guarantee. Every member of the foundation undertakes to contribute to the property of the Foundation in the event of winding up to an amount not exceeding $100.

The income and property of the company shall be applied solely towards the promotion of the objects of the company and not for distribution in any way to the members of the company, except for Directors’ remuneration as detailed in Note 13.

17. Auditors Remuneration

Audit services
Audit and review of the financial reports 8,000 7,000

16. Related parties

The names of each person holding the position of director of the Foundation during the financial year are as follows: Messrs C Bernardi, M Ford-Eriksson, R Higgins, C M Porter, K Fuels, P Tye. The following directors retired during the year, C S Bart, J R Clark, G E Compton AM, K J Madison MBE, C A McDiwen, D H McKenzie, P T Bartels, M Foster, A Jones, R D Mastoni, K Perkins.

Details of Directors remuneration and retirement benefit are set out in note 15. Apart from the details enclosed in this note, no director has entered into a material contract with the Foundation since the end of the previous financial year and there are no material contracts involving Directors interest subsisting at year end.

In 2001/02 no payments were made to related entities.

The Australian Sports Commission has provided funding and this has been recognised as other administration services provided free of charge in calculating the operating result. As at 30 June 2002 the following 5 directors were also board members of the Australian Sports Commission. Messrs C Bernardi, M Ford-Eriksson, R Higgins, C M Porter, K Fuels, P Tye.

19. Additional financial instrument disclosure

(a) Interest Rate Risk

The Foundation’s exposure to interest rate risk and the effective weighted average interest rate for classes of financial asset and liability is set out below:

(b) Fair values of financial assets and liabilities

The net fair value of all financial assets and liabilities of the Foundation approximate the carrying value. Financial assets and liabilities are disclosed in the Statement of Financial Position and the related notes.

(c) Credit risk exposures

The Foundations maximum exposure to the credit risk at reporting date in relation to each class of recognised financial asset is the carrying amount of those assets as indicated in the statement of Financial Position. The Foundation does not have significant exposures to any concentrations of credit risk.

20. Events subsequent to balance date

There have been no events subsequent to balance date.

<th>Achievements during 2001–02</th>
</tr>
</thead>
<tbody>
<tr>
<td>Archery Residential program for development athletes Tier 2</td>
<td>• 100% of junior AIS archers to qualify for the Junior World Championships</td>
<td>• All eligible AIS archers (Jo Ann Galbraith, Jade Beatty, David Barnes and Tim Cuddihy) qualified for the 2002 Junior World Championships (held in the Czech Republic in August 2002)</td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td>• Achieve medals in major international competitions</td>
<td>• David Barnes finished 2nd in the Golden Arrow Grand Prix Tournament in Antalya, Turkey (senior open event). During the elimination rounds, David broke his own 18 arrow world cadet record, the 18 arrow world junior record and was only 2 points short of the open record</td>
</tr>
<tr>
<td>APC alpine skiing program Camps program for senior elite athletes Tier 1</td>
<td>• Performances of AIS athletes in national and international competitions</td>
<td>• All 7 (100%) AIS scholarship holders qualified for the 2002 Winter Paralympics</td>
<td>• 7 medals were won by AIS scholarship holders at the 2002 Winter Paralympics: Michael Milton (AIS/NWIS): 4 gold medals; Bart Bunting (AIS/NWIS): 2 gold, 1 silver</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• 14 top-20 finishes by AIS scholarship holders at the Paralympics</td>
<td>• Australia ranked 4th overall in alpine skiing events</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• All Paralympic team members were AIS scholarship holders</td>
<td>• Bart Bunting (AIS/NWIS) won the overall World Cup for the B1 (blind) category</td>
</tr>
<tr>
<td>Athletics Residential program for senior elite athletes Tier 2</td>
<td>• 70% of scholarship holders to be selected in national teams on at least one occasion each year</td>
<td>• 24 of 34 (71%) AIS athletes were chosen for a national team</td>
<td>• 53% of AIS athletes were chosen for the 2001 IAAF World Championships</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• Medal results at ‘big three’ meets</td>
<td>• Neil Fuller won Australia’s first ever IAAF World Championship gold medal for amputee athletes, convincingly winning the 200m</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>• Nathan Deakes finished 4th in the 20km walk at the IAAF World Championships, and won Australia’s first track and field gold medal of the Goodwill Games in the 20km walk in a new Commonwealth and Australian record time of 1:19:48.1</td>

### Swimming

**Residential program for senior elite athletes Tier 1**

- **Performance indicator:** 50% of AIS squad to be selected in national teams for 'big 5' meets
- **Achievements during 2001–02:**
  - 17 out of 21 (81%) scholarship holders were selected to compete at the FINA World Championships
  - 10 out of 14 (71%) available scholarship holders were selected to compete at the 2002 World Short Course Championships in Moscow

- **Medal results of AIS swimmers at 'big 5' meets**
  - **2001 FINA World Championships**
    - Petria Thomas: 100m butterfly — gold; 200m butterfly — gold; 4 x 100 medley relay — gold
    - Justin Norris: 200m individual medley — bronze
    - Michael Klim: 4 x 100 relay — gold; 4 x 200 relay — gold
    - Sarah Ryan: 4 x 100 medley relay — gold
    - Todd Pearson: 4 x 100 freestyle relay — gold
    - William Kirby: 4 x 100 medley relay — gold
    - Antony Matkovich: 4 x 200 freestyle relay (heat) — gold
    - Ray Hass: 4 x 100 medley relay (heat) — gold
    - Clementine Stoney: 4 x 100 medley relay (heat) — gold
  - **2002 World Short Course Championships**
    - Petria Thomas: 200m butterfly — gold; 4 x 200 freestyle relay — silver; 50m butterfly — silver; 100m butterfly — silver; 4 x 100 freestyle relay — silver
    - Adam Pine: 100m butterfly — silver; 50m butterfly — silver; 4 x 100 freestyle relay — silver
    - Justin Norris: 200m butterfly — silver
    - Ray Hass: 4 x 200 freestyle relay — gold
    - Antony Matkovich: 4 x 100m freestyle relay — silver
    - Lori Munz: 4 x 200 freestyle relay — silver
    - Sarah Ryan: 4 x 100 freestyle relay — silver

### Tennis

**Residential program for development athletes Tier 2**

- **Performance indicator:** Improvement in ITF world junior rankings and/or ATP/WTA world senior rankings
- **Achievements during 2001–02:**
  - 96% (all but 1) of scholarship holders improved their ITF or ATP/WTA rankings in 2001–02. Some players were concentrating on ATP/WTA (senior) rankings, which meant that their ITF (junior) rankings did not improve. The one player who did not improve in the rankings was injured for much of the year

  - **Performances in international competition**
    - Ryan Henry: 2002 Australian Junior Hardcourt Championships, Melbourne, Group I ITF event — 1st
    - Todd Reid: 2002 Australian Open Junior Championships, Melbourne, ITF Group A event — 2nd; 2 men's 2002 futures events in Blenheim, New Zealand, and Hallandale Beach, the United States — 1st
    - Oliwia Lukaszewicz won 2 2002 ITF 18s Group 5 events as a 13-year-old
    - Adriana Szili won the 2002 Wellington Women's International, women's senior satellite event
    - Todd Reid and Ryan Henry won the 2002 Australian Open Junior Doubles Championship

* Incorporates the Targeted Sports Participation Growth Program, Indigenous Sport program, Management Improvement program, SportNet assistance and special grants.
APPENDIX 5
Report on the 2002 Winter Olympic and Paralympic Games

WINTER OLYMPIC GAMES

The 2002 Winter Olympic Games were held in Salt Lake City, the United States, from 8–24 February. Seventy-seven countries and some 2500 athletes participated across 13 sports. Australia had its most successful Olympic Winter Games on record with Steven Bradbury and Alisa Camplin winning Australia’s first gold medals ever in short track speed skating and aerial freestyle skiing, respectively. Australia also recorded five other top-10 results and finished a respectable twentieth on the medal table. This is an outstanding result for a country such as Australia, without the winter sports traditions of the northern hemisphere nations.

* Olympic Winter Institute scholarship athletes

Australia had a team of 25 athletes at the Games, 16 of which were scholarship holders at the Olympic Winter Institute. The Olympic Winter Institute is an initiative of the Australian Olympic Committee, delivered in partnership with the AIS, aimed at developing and supporting elite winter sport athletes. Several corporate sponsors, including Mount Buller Ski Resort, Qantas and Network 7, also support the Olympic Winter Institute. The Institute has 19 AIS scholarship holders across the disciplines of aerial skiing, alpine skiing, mogul skiing, figure skating, short track speed skating and snowboarding.

Commonwealth Government financial support, through the Australian Sports Commission, over the past four years for the Olympic Winter Institute and winter national sporting organisations totalled $3,069,482.

4  Canada  6 gold, 3 silver, 8 bronze  
5  Russian Federation  6 gold, 6 silver, 4 bronze  

20  Australia  2 gold

**WINTER PARALYMPIC GAMES**

The 2002 Winter Paralympic Games were held in Salt Lake City, the United States, from 7–16 March. Thirty-six countries and some 1000 athletes and officials contested alpine skiing, nordic skiing and ice sledge hockey events. Australians competed in a number of the alpine skiing events only.

Every athlete of the Australian team was an Australian Institute of Sport scholarship holder. Australia won six gold medals and one silver medal, placing it fourth in alpine events and eighth overall on the medal table. This was Australia's best ever performance at a Winter Paralympics. Australia's previous best finish was ninth place at the Lillehammer Paralympic Winter Games in 1994. Michael Milton was elected at the Games to the International Paralympic Committee Athletes' Commission.

ASC financial support, through the Paralympic Preparation Program and AIS scholarships, over the past four years for the preparation of winter team athletes totalled $375,000. Separate funding is provided to Disabled WinterSport Australia for development purposes. The Australian Paralympic Committee provided further assistance. The total preparation costs were estimated at $1,021,000.
