

# Take a seat!

B

Players lean against a wall in a 'seated' position and do a variety of ball-handling activities.

## What to do

### SETTING UP

- > Free wall space without obstructions
- > **Individual activity** – one medium-sized ball each
- > **Pairs activity** – one ball per pair
- > **Group activity** – one ball per group

### PLAYING

- > Try the activities shown.
- > These activities can be demanding on the 'skiing muscles' (quadriceps) – start with 15–20 second bursts.
- > Mix up individual, pair and group ('down the line') activities to provide rest breaks.
- > Players can be grouped in small teams of 3–4 and compete against each other or pairs can compete against other pairs.

## Scoring

- > How many consecutive throws/catches in a set time?
- > Not scoring is an option.

## Change it

- > This activity can accommodate different ability levels – use a chair if required.
- > Vary the type of ball, distance between players and type of pass, e.g. in 'down the line' the distance between some of the players can be adjusted for throwing variations.

- > **Down the line** – try *all mixed up*, players try to make every pass different.
- > **Pairs activity** – after one throw and catch, partners quickly change places.
- > **A second ball between the knees** works the 'horse-riding muscles' (adductors).

## Safety

- > Ensure no attachments on the wall space used.
- > Start with gentle passes and throws.

### LESSON LINK

*Take a seat!* disguises demanding physical activity while providing fun ways to hand-over or pass a ball.
