EBSCOhost Integrated Search

- Like federated search engine
 - any database from any vendor (and any OPAC) can be searched simultaneously
- Unlike federated search products, true integration is possible
 - EBSCOhost Integrated Search was developed using a services oriented architecture that allows an unlimited number of sources to be included
 - EBSCO is working with the leaders in federated search technology to be able to deliver the largest number of sources in the industry
- Integrated Search user experience will be very similar to today's EBSCOhost user experience
