I am pleased to submit the seventeenth Annual Report for the Australian Sports Commission, covering the period 2000–01. The report has been prepared to conform with the requirements of the Commonwealth Authorities and Companies Act 1997 (CAC Act) as required under section 48 of the Australian Sports Commission Act 1989.

The commissioners of the Board are responsible under section 9 of the CAC Act for the preparation and content of the Report of Operations in accordance with the Finance Minister’s orders. The Board resolved to adopt the Report of Operations at its meeting on 28 August 2001 as a true and concise portrayal of the year's activities.

This report provides an assessment of our performance against the accountability framework agreed with Government, and highlights the success of the programs of the Australian Sports Commission, including the Australian Institute of Sport.

I commend this report to you as a record of our achievements.

Yours sincerely,

[Signature]

INDEPENDENT AUDIT REPORT

To the Minister for Sport and Tourism

Scope

I have audited the financial statements of the Australian Sports Commission for the year ended 30 June 2001. The financial statements comprise:

• Statement by Commissioners;
• Statement of Financial Performance;
• Statement of Financial Position;
• Statement of Cash Flows;
• Schedule of Commitments;
• Schedule of Contingencies; and
• Notes to and forming part of the Financial Statements.

The members of the Board of Commissioners are responsible for the preparation and presentation of the financial statements and the information they contain. I have conducted an independent audit of the financial statements in order to express an opinion on them to you.

The audit has been conducted in accordance with Australian National Audit Office Auditing Standards, which incorporate the Australian Auditing Standards, to provide reasonable assurance as to whether the financial statements are free of material misstatement. Audit procedures included examination, on a test basis, of evidence supporting the amounts and other disclosures in the financial statements, and the evaluation of accounting policies and significant accounting estimates. These procedures have been undertaken to form an opinion as to whether, in all material respects, the financial statements are presented fairly in accordance with Australian Accounting Standards, other mandatory professional reporting requirements and statutory requirements in Australia so as to present a view of the Commission which is consistent with my understanding of its financial position, the results of its operations and its cash flows.

The audit opinion expressed in this report has been formed on the above basis.
Audit Opinion

In my opinion:

(a) the financial statements have been prepared in accordance with Schedule 1 of the Commonwealth Authorities and Companies (Financial Statements 2000-2001) Orders; and

(b) the financial statements give a true and fair view, in accordance with applicable Accounting Standards, other mandatory professional reporting requirements and Schedule 1 of the Commonwealth Authorities and Companies (Financial Statements 2000-2001) Orders, of the financial position of the Australian Sports Commission as at 30 June 2001 and the results of its operations and its cash flows for the year then ended.

AUSTRALIAN SPORTS COMMISSION

STATEMENT BY COMMISSIONERS

FOR THE YEAR ENDED 30 JUNE 2001

In our opinion, the financial statements of the Australian Sports Commission give a true and fair view of the matters required by Schedule 1 to the Finance Minister’s Orders made under the Commonwealth Authorities and Companies Act 1997 for the year ended 30 June 2001.

1. At 30 June 2001, the Commission had three legal claims against it for alleged public liability, negligence and a breach of duty of care. The Commission has denied liability and is defending the claims. The amounts are an estimate of any eventual payments that may be required in relation to these claims.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1.1 Basis of Accounting

The financial statements are required by clause 10(b) of Schedule 1 to the Commonwealth Authorities and Companies Act 1987 and are a general purpose financial report.

The statements have been prepared in accordance with:
- Schedule 1 to Orders made by the Finance Minister for the preparation of Financial Statements in relation to financial years ending on or after 30 June 2001;
- Australian Accounting Standards and Accounting Interpretations issued by
  Australian Accounting Standards Board;
- other authoritative pronouncements of the Boards; and
- the Consensus Views of the Urgent Issue Group.

The statements have been prepared having regard to:
- Statements of Accounting Concepts;
- the Explanatory Notes to Schedule 1 issued by the Department of Finance and
  Administration; and
- Guidance Notes issued by that Department.

The financial statements have been prepared on an accrual basis and are in accordance with historical cost convention, except for certain assets which, as noted, are at valuation. Except where stated, no allowance is made for the effect of changing prices on the results or the financial position of the Commission.

Assets and liabilities are recognised in the financial statements when and only when it is probable that future economic benefits will flow and the amounts of the assets or liabilities can be reliably measured. Assets and liabilities arising under agreements equally proportionately unperformed are however not recognised unless required by an Accounting Standard. Liabilities and assets which are unrecognised are reported in the Schedule of Commitments and the Schedule of Contingencies.

Revenues and expenses are recognised in the Commission’s statement of financial performance when and only when the flow or consumption or loss of economic benefits has occurred and can be reliably measured. There has been a change in the recognition criteria of revenues and expenses relating to sponsorship in kind.

1.2 Changes in Accounting Policy

The accounting policies used in the preparation of these financial statements are consistent with those used in 1999-2000.

1.3 Rounding

Amounts have been rounded to the nearest $1,000 except in relation to the following;
- remuneration of commissioners
- remuneration of officers (other than commissioners); and
- remuneration of auditors.
1.4 Reporting by Outcomes

A comparison of Budget and Actual figures by outcome specified in the Appropriation Acts relevant to the Commission is presented in Note 2. Any intra-government costs included in the figure ‘Net Cost to Budget Outcomes’ are eliminated in calculating the actual budget outcome for the Government overall.

1.5 Revenue

The revenues described in this Note are revenues relating to the core operating activities of the Commission.

Revenue from the sale of goods is recognised upon the delivery of goods to customers.

Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.

Revenue from disposal of non-current assets is recognised when control of the asset has passed to the buyer.

Revenue from the rendering of a service is recognised by reference to the stage of completion of contracts or other agreements to provide services to Commonwealth bodies. The stage of completion is determined according to the proportion that costs incurred to date bear to the estimated total costs of the transaction.

Revenues from Government - Output Appropriations Appropriations for outputs are recognised as revenue to the extent they have been received in the Commission’s bank account or are entitled to be received by the Commission at year end.

Resources Received Free of Charge Services received free of charge are recognised as revenue when and only when a fair value can be reliably determined and the services would have been purchased if they had not been donated. Use of these resources is recognised as an expense.

Contributions of assets at no cost of acquisition or for nominal consideration are recognised at their fair value when the asset qualifies for recognition.

1.6 Grants

The Commission recognises grant liabilities as follows.

Most grant agreements require the grantee to perform services or provide facilities, or to meet eligibility criteria. In these cases, liabilities are recognised only to the extent that the services required have been performed or the eligibility criteria have been satisfied by the grantee. (Where grant moneys are paid in advance of performance or eligibility, a prepayment is recognised.)

In cases where grant agreements are made without conditions to be monitored, liabilities are recognised on signing of the agreement.

1.7 Acquisition of Assets

Assets are recorded at cost on acquisition except as stated below. The cost of acquisition includes the fair value of assets transferred in exchange and liabilities undertaken.

Assets acquired at no cost, or for nominal consideration, are initially recognised as assets and revenues at their fair value at the date of acquisition.
1.8 Property (Land, Buildings and Infrastructure), Plant and Equipment

Asset recognition threshold

Purchases of property, plant and equipment are recognised initially at cost in the Statement of Financial Position, except for purchases costing less than $2,000, which are expensed in the year of acquisition (other than where they form part of a set of similar items which are significant in total).

Revaluations

Land, buildings, infrastructure, plant and equipment are revalued progressively in accordance with the 'deprival' method of valuation in successive 3-year cycles, so that no asset has a value greater than three years old.

The Commission revalued land and buildings at 1 January 1999. The valuations were performed by an independent valuer (Australian Valuation Office) using deprival valuation methodology. The Australian Valuation Office has issued a disclaimer which states that the valuations are for the Commission's exclusive use. These assets were revalued using net revaluation method of accounting for revaluation.

Plant and equipment assets were revalued as at 1 July 1999 by the Australian Valuation Office using the deprival method of valuation.

In accordance with the deprival methodology, land is measured at its current market buying price. Property other than land, plant and equipment are measured at their depreciated replacement cost.

Where assets are held which would not be replaced or are surplus to requirements, measurement is at net realisable value. At 30 June 2001 the Commission had no assets in this situation.

Recoverable amount test

Schedule 1 requires the application of the recoverable amount test to the Commission's non-current assets in accordance with AAS 10 Recoverable Amount of Non-Current Assets. The carrying amounts of these non-current assets have been reviewed to determine whether they are in excess of their recoverable amounts. In assessing recoverable amounts, the relevant cash flows have been discounted to their present value.

Depreciation and amortisation

Depreciable property, plant and equipment assets are written-off to their estimated residual values over their estimated useful lives to the Commission using, in all cases, the straight line method of depreciation. Leasehold improvements are amortised on a straight line basis over the lesser of the estimated useful life of the improvements or the unexpired period of the lease.

Depreciation/amortisation rates (useful lives) and methods are reviewed at each balance date and necessary adjustments are recognised in the current, or current and future reporting periods, as appropriate. Residual values are re-estimated for the change in prices only when assets are revalued.
Depreciation/amortisation rates applying to each class of depreciable asset are based on the following useful lives to the Commission:

<table>
<thead>
<tr>
<th>Asset Class</th>
<th>2001</th>
<th>2000</th>
</tr>
</thead>
<tbody>
<tr>

<td>2-50</td>

</tr>
<tr>

<td>2-4</td>
<td>2-4</td>
</tr>
<tr>
<td>Motor vehicles</td>
<td>2-3</td>
<td>2-3</td>
</tr>
</tbody>
</table>

The aggregate amount of depreciation allocated for each class of asset during the reporting period is disclosed in Note 6C.

1.9 Intangibles

The carrying amount of each non-current intangible asset is reviewed to determine whether it is in excess of the asset's recoverable amount. If an excess exists as at the reporting date, the asset is written down to its recoverable amount immediately. In assessing recoverable amounts, the relevant cash flows, including the expected cash flows from future appropriations by the Parliament, have been discounted to their present value.

No write-down to recoverable amount has been made in 2000-01.

Intangible assets are amortised on a straight-line basis over their anticipated useful lives. Useful lives are:

1.10 Cash

Cash includes notes and coin held and any deposits held at call with a bank or financial institution.

1.11 Financial Instruments

Accounting policies for financial instruments are stated in Note 18.

1.12 Bad and Doubtful Debts

A provision is raised for any doubtful debts based on a review of all outstanding amounts at year end. Bad debts are written-off in the period in which they are identified.

1.13 Employee Entitlements

Leave

The liability for employee entitlements includes provision for annual leave and long service leave. No provision has been made for sick leave as all sick leave is non-vesting and the average sick leave taken in future years by employees of the Commission is estimated to be less than the annual entitlement for sick leave.

The liability for annual leave reflects the value of the total annual leave entitlements of all employees at 30 June 2001 and is recognised at its nominal amount.

The non-current portion of the liability for long service leave is recognised and measured at the present value of the estimated future cash flows to be made in respect of all employees at 30 June 2001. In determining the present value of the liability, attrition rates and pay increases through promotion and inflation have been taken into account.

Separation and redundancy

Provision is also made for separation and redundancy payments in cases where positions have been formally identified as excess to requirements, the existence of an excess has been publicly communicated, and a reliable estimate of the amount payable can be determined.
Supernannuation

Employees contribute to the Commonwealth Superannuation Scheme and the Public Sector Superannuation Scheme. Employer contributions amounting to $1,889,685 (1999-2000 - $2,540,575) for the Commission in relation to these schemes have been expensed in these financial statements.

No liability for superannuation benefits is recognised as at 30 June as the employer contributions fully extinguish the accruing liability which is assumed by the Commonwealth.

1.14 Taxation

The Commission is exempt from all forms of taxation except fringe benefits tax and the goods and services tax.

1.15 Capital Usage Charge

A capital usage charge of 12% is imposed by the Commonwealth on the net assets of the Commission. The charge is adjusted to take account of asset gifts and revaluation increments during the financial year.

1.16 Inventories

Inventories are valued at the lower of cost or net realisable value.

1.17 Foreign Currency

Transactions denominated in a foreign currency are converted at the rate of exchange prevailing at the date of the transaction. Foreign currency receivables and payables are translated at the exchange rates current as at balance date. Associated currency gains and losses are not material.

1.18 Comparative Figures

Comparative figures have been adjusted to conform to changes in presentation in these financial statements where required.

1.19 Insurance

The Commission has insured for risks through the Government's Insurable risk managed fund, Comcover. Workers' compensation is insured through Comcare Australia.
2. REPORTING BY SEGMENTS AND OUTCOMES

Reporting by segments

The Commission operates primarily in a single industry and geographic segment, being provision of national leadership and direction to enhance the management capabilities of sports delivery agencies and to develop elite athletes.

The Commission is structured to meet three outcomes:

Outcome 1: to facilitate an effective national sports infrastructure
Outcome 2: to improve participation in sports activities by Australians
Outcome 3: to produce excellence in sport performances by Australians

(1) It is not possible to identify assets against specific outcomes in all cases
(2) the net cost to budget outcome shown includes intra-government costs and payments (including capital use charge and dividends) that would be eliminated in calculating the actual whole of government budget outcome.

The Commission does not have administered appropriations, expenses, or capital appropriations for 2000 - 2001.

(c) Fair Values of Financial Assets and Liabilities

The net fair value of all financial assets and liabilities of the Commission approximate their carrying value. Financial assets and liabilities are disclosed in the Statement of Financial Position and the related notes.

(d) Credit risk exposures

The Commission's maximum exposures to credit risk at reporting date in relation to each class of recognised financial assets is the carrying amount of those assets as indicated in the Statement of Financial Position.

The Commission does not have significant exposures to any concentrations of credit risk.
INDEPENDENT AUDIT REPORT

To the members of the Australian Sports Foundation Limited

Scope

I have audited the financial report of the Australian Sports Foundation Limited for the financial year ended 30 June 2001. The financial report comprises:

- Directors' Declaration;
- Statement of Financial Performance;
- Statement of Financial Position;
- Statement of Cash flows; and
- Notes to and forming part of the Financial Report.

The Company's directors are responsible for the financial report. I have conducted an independent audit of the financial report in order to express an opinion on it to the members of the Company.

The audit has been conducted in accordance with Australian National Audit Office Auditing Standards, which incorporate the Australian Auditing Standards, to provide reasonable assurance whether the financial report is free of material misstatement. Audit procedures included examination, on a test basis, of evidence supporting the amounts and other disclosures in the financial report, and the evaluation of accounting policies and significant accounting estimates. These procedures have been undertaken to form an opinion whether, in all material respects, the financial report is presented fairly in accordance with Accounting Standards, other mandatory professional reporting requirements and statutory requirements in Australia so as to present a view which is consistent with my understanding of the Company's financial position, and performance as represented by the results of its operations and its cash flows.

The audit opinion expressed in this report has been formed on the above basis.
Audit Opinion

In my opinion, the financial report of the Australian Sports Foundation Limited is in accordance with:

(a) the Corporations Act 2001, including:

(i) giving a true and fair view of the Company's financial position as at 30 June 2001 and of its performance for the year ended on that date; and

(ii) complying with Accounting Standards and the Corporations Regulations; and

(b) other mandatory professional reporting requirements.

In the opinion of the Directors, the accompanying financial statements are drawn up in accordance with the Corporations Act 2001 and so as to give a true and fair view of;

(a) The company's state of affairs as at 30 June 2001 and its results for the year ended on that date.

(b) The other matters with which they deal, and

(c) at the date of this statement there are reasonable grounds to believe that the company will be able to pay its debts as and when they fall due.

The financial statements are drawn up in accordance with Accounting Standards and other mandatory professional reporting requirements.

This statement is made in accordance with the resolution of the Directors.

Chairman

Dated 41 9 2001

Director

Dated 41 9 2001
REPORT OF OPERATIONS

In respect of the financial year ended 30 June 2001, the Directors of the Australian Sports Foundation Limited submit the following report made out in accordance with a resolution of the Directors.

1. Enabling legislation, objectives and functions inherent in that legislation

The Foundation's enabling legislation is the Australian Sports Commission Act 1989. The objectives and functions of the Foundation inherent in the ASC are that:

- The purpose of the company is to raise money for the development of sport in Australia.
- Except to the extent necessary for the performance of its functions in relation to the Commission, the company is not empowered to do anything that the Commission is not empowered to do.

2. Organisational structure

The Foundation while in Sydney operated with seven positions, those being the Chief Executive Officer, Accounts and Administration Manager, Grants Manager, Client Services Officers, Project Officers and three casual staff.

3. Location of major activities and facilities

The Foundation assists sporting and community non-profit organisations throughout Australia and operates from an office located in Sydney.

4. Factors, events or trends influencing performance

The foundation received financial assistance from the Australian Sports Commission in order to sustain its position in the Market place. As of 24th April 2001 the administration levy imposed on all grants, was removed by the Government.

5. Risks and opportunities in future years.

The reintegration within the Australian Sports Commission administration will enable the Australian Sports Foundation to access the Active Australia network, and hence create further opportunities for sport development. The post Olympic period created a slowing down of project activity, but the anticipation of the Commonwealth Games is expected to create an increase in activity.

6. Significant events or changes during the financial year.

The Foundation continued to implement a range of marketing and support activities for raising donations and market profile. In April 2001 coinciding with the public launch of "Backing Australia's Sporting Ability - A More Active Australia" a decision was made to re integrate the Australian Sports Foundation with the administrative structure of the Australian Sports Commission.

7. Operational and Financial Results

The net operating deficit for the year ended 30 June 2001 was $1,194,497 which was met from reserves (an operating surplus of $178,039 was made in the year ended 30 June 2000). The significant variation in the operating results are due to the time delay between donations
being received and grants being issued and the lower that expected donation revenue received.

The company is exempt from income tax but is liable for Fringe Benefits Tax and Goods and Services Tax.

No dividends are paid as the company has no shareholders.

8. Significant developments since the end of the financial year

9. Directors, the Audit and Remuneration Committees

All the Directors are members of both the Audit and Remuneration Committees. The Remuneration Committee was established on 1st March 2000. The Federal Minister for Sport and Tourism is responsible for appointing the Board of Directors.

10. Indemnities and Insurance Premiums for Officers

The Foundation maintains Directors and Officers Liability and Civil Liability Professional Indemnity insurance policies.

11. Directors benefits

Since the end of the previous financial year, no Director has received or become entitled to receive a benefit (other than a benefit included in the aggregate amount of emoluments received or due and receivable by Directors) by reason of the contract made by the company or a related corporation with the Director or with a firm of which he or she is a member, or with a company in which he or she has a substantial financial interest.

For and on behalf of the Board

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
for the year ended 30 June 2001

1. Summary of Significant Accounting Policies

1.1 Basis of Accounting

The financial statements are a general purpose financial report.

The statements have been prepared in accordance with:
- Australian Accounting Standards;
- Consensus Views of the Urgent Issues Group; and
- Requirements of the Corporations Act, 2001

The Foundations' Statements of Financial Performance and Financial Position have been prepared on an accrual basis and are in accordance with historical cost convention. Except where stated, no allowance is made for the effect of changing prices on the results or the financial position.

Assets and liabilities are recognised in the Foundations' Statement of Financial Position when and only when it is probable that future economic benefits will flow and the amounts of the assets or liabilities can be reliably measured.

Revenues and expenses are recognised in the Foundation's Statement of Financial Performance when and only when the flow or consumption or loss of economic benefits has occurred and can be reliably measured.

1.2 Income Tax

The Australian Sports Foundation Limited is a non-profit organisation and as such is exempt from income tax under section 23 of the Income Tax Assessment Act and sub section 51(1) of the Australian Sports Commission Act 1999.

1.3 Revenue

(a) Resources Received Free of Charge

Services received free of charge are recognised as revenue when and only when a fair value can be reliably determined and the services would have been purchased if they had not been donated. Use of those resources is recognised as an expense.

(b) Other Revenue

Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.

(c) Donations Revenue

Donations are recognised in the year they are received

(d) Grant Revenue

Grant revenue is recognised in the year it is received
1.4 Employee Entitlements

The liability for employee entitlements includes provision for annual leave. No provision has been made for long service leave as all employees have served the Foundation for less than three years.

The liability for annual leave reflects the value of total annual leave entitlements of all employees at 30 June 2001 and is recognised at the nominal amount.

1.5 Cash

Cash means notes and coins held and any deposits held at call with a bank or financial institution.

1.6 Acquisition of Assets

Assets are recorded at cost on acquisition except as stated below. The cost of acquisition includes the fair value of assets transferred in exchange and liabilities undertaken.

Depreciation and Amortisation

Depreciable property, plant and equipment assets are written-off to their estimated residual values over their estimated useful lives to the Foundation using, in all cases, the straight line method of depreciation.

1.7 Comparative Figures

Comparative figures have been adjusted to conform to changes in presentation in these financial statements where required.

1.8 Grants

The Foundation makes grant payments to sporting and community non-profit organisations to facilitate the development of sport in Australia. They are made at the discretion of the Board of Directors and only after criteria set out in the Australian Sports Foundation guidelines have been met.

1.9 Administration Revenue

Administration revenue is derived from donations received.

2. Events Occurring after Balance Date

On 24th April 2001, the Government announced its intention to relocate the Australian Sports Foundation to Canberra. On 1 August 2001 the Foundation relocated its offices to the Australian Sports Commission, Bruce ACT. Provisions have been made in the accounts to cover redundancies of staff remaining in Sydney.

Donations revenue not allocated to grants is kept in reserve for future grants. The administrative operations of the foundation were funded from Administration revenue and Other revenue. In 2000-2001 the Foundation received $127,403 from the Australian Sports Commission as part of a three year funding arrangement to assist Foundation in becoming self-sufficient. From year to year there are significant variations in the operating result due to time delay between donations being received and grants issued.

The income and property of the company shall be applied solely towards the promotion of the objects of the company and not for distribution in any way to the members of the company, except for Directors' remuneration as detailed in Note 11.

14. Related party disclosures

Transactions with Directors or Director related entities

The Directors of the Foundation during the year were

C S Bart (Chairman)
J R Clark
E E Compton AM
K J Madsen MBE
C A McDiven
D H McKenzie

In 2000/01 no grants were made to related entities.

Other related parties

As of July 1999, the company was deemed to be separate operating entity from the Australian Sports Commission. The Australian Sports Commission has provided funding and this has been recognised as other income in calculating the operating result. The Department of Industry, Science and Resources has provided resources free of charge to the Foundation.
15. Interest Rate Risk

The Foundation's exposure to interest rate risk and the effective weighted average interest rate for each class of financial asset and liability is set out below.

(a) Fair values of financial assets and liabilities

The net fair value of all financial assets and liabilities of the Foundation approximate the carrying value. Financial assets and liabilities are disclosed in the Statement of Financial Position and the related notes.

(b) Credit risk exposures

The Foundation's maximum exposure to the credit risk at reporting date in relation to each class of recognised financial asset is the carrying amount of those assets as indicated in the Statement of Financial Position. The Foundation does not have significant exposures to any concentrations of credit risk.

REPORT ON THE SYDNEY 2000 OLYMPIC AND PARALYMPIC GAMES

THE SYDNEY 2000 OLYMPIC GAMES

The efforts of Australia’s athletes in winning 58 medals, including 16 gold medals, at the Sydney 2000 Olympic Games was the greatest ever performance by an Australian Olympic team. This was significantly better (38%) than Australia’s previous best performance in securing 42 medals at the 1996 Atlanta Olympics. The Sydney Olympics also saw Australia finish fourth on the medal tally.

These results are a demonstration of the significant role that Federal Government funding continues to play in underpinning Australia’s sporting success on the world stage. In particular, it highlights the success of the Olympic Athlete Program, which was specifically designed to provide additional support to athletes, coaches and support staff preparing for Sydney 2000.

New sports on the Olympic program for 2000 were triathlon and taekwondo, bringing the total number of summer Olympic sports to 28. There were 300 events in total, up from 271 in Atlanta.

In total, 200 nations competed in Sydney, including East Timor, whose athletes competed under the International Olympic Committee flag.

The Australian team comprised 629 athletes. Of these, 215 were current AIS scholarship holders and 105 were former AIS scholarship holders. Many of the Olympic team officials, including coaches, scientists, medical staff and technical support staff were ASC or AIS employees. A number of ASC and AIS staff members also acted as volunteers for the Sydney Organising Committee for the Olympic Games during the Olympic period. Current or former AIS scholarship holders won 7 gold, 11 silver and 13 bronze medals within Australia’s total.

Australia won medals in 20 different sports. Swimming and sailing were the only sports to win more than one gold medal, with 5 and 2 respectively. Overall, swimming (18 medals), track cycling (6 medals), rowing (5 medals) and sailing (4 medals) were the leading multiple medal-winning sports. Australia was also successful in winning medals in team sports (only one medal per team available) such as hockey, water polo, basketball and softball.

The depth of Australia’s performance was highlighted by the fact that there were more top eight (131) and top 16 (219) finishes than in any previous Olympic Games.

The Sydney 2000 Games represented the centenary of women participating at the Olympics. In addition to the strong emphasis on women in the opening ceremony and on Australian women in particular at the Olympics, the performance of Australia’s 282 female representatives followed a strong tradition. Women comprised 45% of the athletes on the team and provided a similar proportion of the highlights, memories and gold medals (44%) from the Games.

THE SYDNEY 2000 PARALYMPIC GAMES

Australia entered a team of 285 athletes and 148 support staff for the Sydney 2000 Paralympic Games. Of these athletes, 54 were current or former scholarship holders at the Australian Institute of Sport.

Australia contested all 18 sports on the 2000 Games program: archery; athletics; basketball for the intellectually disabled (men only) and wheelchair basketball (men and women); boccia; cycling; equestrian events; fencing; football; goalball; judo; powerlifting; wheelchair rugby (men only); sailing; shooting; swimming; table tennis; tennis; and sitting volleyball.

Australian teams qualified for a summer Paralympic Games for the first time in the sports of football, wheelchair rugby (as a full-medal Paralympic sport), sailing (as a full-medal Paralympic sport), sitting volleyball and standing volleyball.

The Sydney Games produced Australia’s best ever result, with the team finishing in first position on both the gold medal and overall medal tables, with 63 gold, 39 silver and 47 bronze medals.

Overall, in addition to medals won, Australians set 20 world records and nine Paralympic records at the 2000 Games. Current and former AIS athletes won or contributed to the winning of 38 gold, 18 silver and 16 bronze medals. AIS athletes won 62% of gold medals, 46% of silver medals and 34% of bronze medals awarded at the Games, and 56% of all Australian medals.

* No entry in this column means that either the sport does not have an international ranking list (or Australia has not made the ranking list) or there is no generic sport ranking because individual athletes are ranked by event.

* Junior results have only been included where the ASC directs high performance funding primarily at a junior program as part of the overall athlete pathway.
